

Grant Opportunity for HCBS Agency Providers: Train-the-Trainer MANDT!

DHHS is offering an opportunity for providers of the Developmental Disabilities Waivers to train staff to be a train-the-trainer for MANDT, the established emergency safety intervention system.

The Details

Funding for DD agency providers via mini-grants to purchase train-the-trainer MANDT Training. The grants will support DD agency providers to support the professional development and skill development of staff and improve safety outcomes for participants.

Agencies may request up to \$2,249 per employee. Agencies may only request for the training cost and are expected to cover employee hourly rates or other costs. Those agency providers NOT currently using MANDT will have first priority to the grant funds.

How to Apply

HCBS providers must submit an application form that includes proposed training dates and the participants who will be attending the training. Applications can be found on the DD website.

Applications will be accepted from February 9 through March 8, 2024.

Grant funding is available through Section 9817 of the American Rescue Plan Act (ARPA) of 2021. The total amount available for the mini-grants is limited. Applications will be processed by the date received and the requested amount may be limited due to available funds.

The total amount available for the mini-grants is limited. Applications will be processed within 30 days. The requested amount may be limited due to available funds. Approved providers will need to submit receipts of purchase prior to payments.
