

Behavioral Health Resources For Schools

Division of Behavioral Health

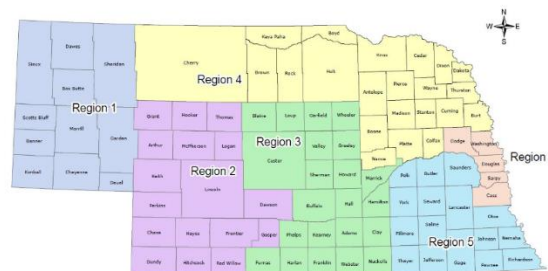

There Is No Health Without Behavioral Health

The Division of Behavioral Health is designated by federal and state law as the state’s single authority for mental health and substance use disorders. The Division directs the administration and coordination of the public behavioral health system in providing services to individuals who do not have private insurance or are not eligible for Medicaid.

Nebraska is split into six Behavioral Health “Regions.” These are local units of governments that the state partners with to do planning and service implementation for behavioral health. The Regions purchase services from providers in their area. The Division of Behavioral Health also contracts directly with providers for services.

The map below shows Nebraska’s Behavioral Health Regions followed by a table that provides contact information for each Region. Schools are encouraged to engage with their Region to learn about behavioral health resources and programs for children, youth and families.
