Purpose

The purpose of the Child Care Quality Improvement Grant is intended to help child care homes and child care centers fund items to assist in the improvement of their program. These funds may only be used by licensed child care providers who have a Child Care Subsidy agreement with the Department of Health and Human Services.

Funding Opportunities

The Child Care Quality Improvement Grant will be awarded based on items that will assist in improving the quality of the program. Grants will only be awarded to individuals or organizations that do not discriminate against children with disabilities and children whose care is funded by any state or federal funds (e.g. Child Care Subsidy).

Funding Source

The Child Care Quality Improvement Grants are funded from the Child Care and Development Block Grant (CCDBG). These funds are specifically designated to improve the quality of child care, provide quality programs for low-income children, and to increase the availability of early childhood development programs and before and after school programs.

Allocation of Funds

Awards are a maximum of \$500.00 for a child care program with a provisional or operating license.
