RE: General Service Contracts & Service Provider Agreements

Please share this information with professional, administrative and billing staff.

Effective July 1, 2017, your existing signed Service Provider Agreement (MC-19) will become the sole agreement between your agency and the Division of Medicaid and Long Term Care and the Division of Developmental Disabilities.

All current General Service Contracts with the Division of Developmental Disabilities will expire at 11:59pm on June 31, 2017. This change will not impact responsibilities on the part of the provider.
