Help **build healthy communities** by becoming a **Community Health Worker (CHW)**

This **FREE** online course has been designed for individuals working in communities who can connect people to health services. Participants will attain confidence and credibility in the communities that they serve along with general knowledge on health topics, communication and organizational skills.

Course Time Frame:

- Aug 11, 2020: Online Orientation
- Aug 11-Sept 15, 2020: 5 weeks Online Training Modules
- Sept 22, 2020 – 10a-12p: Virtual Trauma 101
- Sept 28-29, 2020: Virtual In-Person Training*
- Sept 30 - Nov 4, 2020: 4 weeks Online Training Modules
- Nov 17 - Nov 18, 2020: Virtual In-Person Training*

*In-person sessions will be held virtually. More information to come.

The course will conclude as you gain practical experience through a Community Health Worker Capstone Project.

Registration Deadline: July 31, 2020
