## CHAPTER 1 - RULES OF PRACTICE AND PROCEDURE OF THE DEPARTMENT OF HEALTH FOR ADMINISTRATIVE HEARINGS

### 001 GENERAL

001.01 Definitions. The following definitions shall apply as used throughout these rules and regulations. Other terms common to the administrative process are defined for explanatory purposes in a glossary of terms attached as Attachment 1 of these regulations.

001.01A Applicant means any person who makes application to the Department for a license, certificate, registration, permit or any other authority, permission or approval of any kind that the Department is authorized by law to grant or deny.

001.01B Application means a request for any permission or authority that the Department is empowered to grant or deny, in whole or in part, including, but not limited to:

001.01B1 The issuance, renewal or reinstatement of, any license, certificate, permit, or registration;

001.01B2 The issuance, renewal, or reinstatement of any form of approval;

001.01B3 The issuance or renewal of any waiver, exemption or variance; or

001.01B4 The amendment, correction, or issuance of a vital record.

001.01C Board means a publicly appointed body created by law, chosen to perform a public function related to Department programs.

001.01D Complaint means a report to the Department of an alleged violation of statute or regulation made to initiate an investigation by the Department.

001.01E Contested Case means a proceeding before the Department in which the legal rights, duties, or privileges of specific parties are required by law or constitutional right to be determined after hearing before the Department.

001.01F Decisionmaker means the employee of the Department who issues a preliminary order or decision on behalf of the Department that becomes the subject of the contested case.

001.01G Department means the Department of Health.

001.01H Director means the Director of Health.

001.01I Hearing Officer means the Director or an individual designated by the Director to conduct a hearing, contested case, or other proceeding, pursuant to the Administrative Procedure Act, Neb. Rev. Stat. §84-901 et seq. whether designated as the presiding officer, administrative law judge, or some other title designation.

001.01J Party means the person by or against whom an administrative action is brought or a person allowed to intervene in an administrative proceeding.

001.01K Person means bodies politic and corporate, individuals and partnerships.

001.01L Petition means the initial document filed by or with the Department that sets forth a claim and request for Department action.

001.01M Petition for Discipline means the initial pleading in an action for discipline or a motion for revocation of probation or other discipline for violation of an order of discipline against a licensee or certificate holder filed pursuant to Neb. Rev. Stat. §71-149 et seq.

001.01N Pleading means any petition, answer, reply or response, notice, motion, stipulation, objection, discovery document, orders, decisions or other formal written document filed in any proceeding before the Department.

001.01O Public Record means and includes all records and documents, regardless of physical form, of or be longing to the Department, except where any statute provides that particular information or records shall not be made public.

001.01P Rule or Regulation means any rule, regulation or standard issued by the Department certified and filed with the Secretary of State of the State of Nebraska under the Nebraska Administrative Procedure Act, Neb. Rev. Stat. §§84-901 to 84-920.

001.01Q Uniform Licensing Law means those sections of the Nebraska Revised Statutes cited in Neb. Rev. Stat. §71-101.

001.02 Scope. These rules and regulations shall govern administrative hearings conducted by or before the Department except those in 001.02C.

001.02A Applicability to Pending Actions. Generally speaking, the procedural rules to be applied in pending cases are those in effect at the date of the hearing and not those in effect at the time the act or violation charged is alleged to have taken place.

001.02B General Applicability. These rules are intended to govern the administrative proceedings conducted by the Director or designee which are for the purpose of adjudicating contested cases.

001.02C When Not Applicable. These rules and regulations do not apply:

001.02C1 To the promulgation, amendment or repeal of any regulation under Department authority (see 184 NAC 3);

001.02C2 To any declaratory ruling that the Department is empowered to make (see 184 NAC 2);

001.02C3 To the extent that statutes or regulations require a different procedure or standard in particular cases.

001.02D When Silent. In the absence of a specific statute, rule and regulation or order of the Department as to a procedure, the statutes for civil procedures and practices for district courts of this state and the rules of the Nebraska Supreme Court for proceedings in district courts shall apply.

001.02E Director Designee. References throughout these regulations to decisions by the Director or a designee of the Director are not intended to define the law on proper delegation by the Director of authority to make final decisions. Generally speaking, the Director holds the authority to issue final decisions

in contested cases or decisions which terminate or are dispositive of a contested case. Delegation may be made by the Director to the extent permitted by law in particular cases.

001.03 Time, Computation. In computing time prescribed or allowed by these rules and regulations or by any applicable statute in which the method of computing time is not specifically provided, days will be computed by excluding the day of the act or event, and including the last day of the period. If the last day of the period falls on a Saturday, Sunday, or state holiday, the period shall run until the end of the office hours of the Department on the next working day. Office hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding state holidays.

001.04 Informal Procedures. Matters which under the law may be acted upon without a hearing may be handled by correspondence or conference.

001.05 Offices. The offices of the Department are located on the third floor of the Nebraska State Office Building, 301 Centennial Mall South, Lincoln, Nebraska.

001.06 Practice of Law. Practice of law before the Department is governed by the applicable Revised Statutes of Nebraska and the decisions of the Nebraska Supreme Court. These rules shall not, however, interfere with or prohibit anyone from transacting his or her own business before the Department.

001.07 Ex Parte Communications.

001.07A Defined. Ex parte communication shall mean an oral or written communication which is not on the record in a contested case with respect to which reasonable notice to all parties was not given. Filing and notice of filing provided under subdivision (6)(d) of section 84-914 shall not be considered on the record and reasonable notice for purposes of this subdivision. Ex parte communication shall not include:

001.07A1 Communications which do not pertain to the merits of a contested case;

001.07A2 Communications required for the disposition of ex parte matters as authorized by law;

001.07A3 Communications in a rate making or rule making proceeding; and

001.07A4 Communications to which all parties have given consent.

001.07B Prohibitions; When Applicable. Ex parte prohibitions apply while a matter is pending. For purposes of this section, a matter is "pending" before the Department from the time a petition is filed or a request for hearing is received in response to a notice of Department action until the matter is finally disposed of within the agency through dismissal, settlement, the filing of a court appeal or expiration of the statutory period for doing so, or by such other mechanism as is provided by law. These definitions also apply to any proceedings for further relief subsequent to final disposition. See e.g. sections 006.02, 006.03 and section 014. Nothing herein shall be intended to preclude the Director, other person or persons responsible to make a final decision, hearing officer, staff attorney or other assistant from declining to engage in communications about the merits of a case prior to the time specified in this section.

001.07C Prohibitions; To Whom Applicable.

001.07C1 Parties and Public. No party in a contested case or other person outside the agency having an interest in the contested case shall make or knowingly cause to be made an ex parte communication to the hearing officer or to an agency head or employee who is or may reasonably be expected to be involved in the decision making process of the contested case.

001.07C2 Persons in Decision Making Roles. No hearing officer or agency head or employee who is or may reasonably be expected to be involved in the decision making process of the contested cases shall make or knowingly cause to be made an ex parte communication to any party in a contested case or other person outside the agency having an interest in the contested case.

001.07C3 Investigators. No agency head or employee engaged in the investigation or enforcement of a contested case shall make or knowingly cause to be made an ex parte communication to a hearing officer or agency head or employee who is or may reasonably be expected to be involved in the decision making process of the contested case.

001.07D Types.

001.07D1 Oral Communications. Unless required for the disposition of matters authorized by law, no party or his or her attorney shall discuss any aspect of a pending case other than scheduling or a similar matter with the Director, Hearing Officer, or other person assigned to render a proposed or final decision in the case, or to advise or assist either, without the opposing party or his or her attorney, unless, after notice or request, the opposing party or attorney fails or refuses to attend and the Director or Hearing Officer is so advised.

001.07D2 Written Communications. Unless required for the disposition of matters authorized by law no party or his or her attorney shall deliver to the Director or Hearing Officer or other person assigned to render a proposed or final decision in the case or to advise or assist either of them, any letter, memorandum, brief, or other written communication without concurrently delivering a copy to the opposing party or opposing counsel, when represented.

001.07E Contacts Not Considered. In determining the outcome of a case, neither the Director nor any Hearing Officer shall consider any ex parte oral or written communications from a party, a party's attorney, or proposed witnesses or any other person who has a direct or indirect interest in the outcome about any substantive aspect of a pending case. Only matters made part of the record of a contested case shall be considered.

001.07F Disclosure of Contacts. The hearing officer or agency head or employee who is or may reasonably be expected to be involved in the decision making process of the contested case who receives or who makes or knowingly causes to be made an ex parte communication set forth in 001.07C1 to 001.07C2 of this section shall file in the record of the contested case:

001.07F1 all such written communications;

001.07F2 memoranda stating the substance of all such oral communications; and

001.07F3 all written responses and memoranda stating the substance of all oral responses to all the ex parte communications.

The filing shall be made within two working days of the receipt or making of the ex parte communication. Notice of the filing, with an opportunity to respond shall be given to all parties of record.

001.08 Copies of Rules and Regulations. Copies of the rules and regulations in force and effect for the Department shall be made available to all interested persons, on request. Copies of 184 NAC 1 and copies of other Department regulations shall be furnished at a price fixed to cover costs of publication and mailing. The Department may furnish the same without charge if funds are available.

001.09 Certified Copies of Rules and Regulations. Official copies of any Department rules and regulations, certified as such by the Secretary of State, are available from the offices of the Secretary of State, Regulations Division.

## 002 COMPLAINTS AND INVESTIGATIONS

002.01 Making a Complaint. Any person may make a complaint and request investigation of an alleged violation of statutes the Department has authority to enforce or violation of regulations promulgated and adopted by the Department. Complaints may be submitted in writing, by telephone, or by personal visit to the offices of the Department. Persons making a complaint may be asked to fill out a form. Any unwritten complaint will be put in written form by the Department. The complaint should state in a reasonably specific manner the basis for the person's belief that a violation of a statute or regulation has occurred.

002.02 Review of Complaints. Upon receipt of a complaint, the Department will evaluate the complaint and determine whether to conduct an inspection or investigation, as appropriate.

002.02A In determining whether to investigate a complaint, the Department considers such things as:

002.02A1 whether the complaint pertains to a matter within the Department's authority;

002.02A2 whether the circumstances indicate that a complaint is made in good faith and is not malicious, frivolous, or vexatious;

002.02A3 whether the complaint is timely or has been delayed too long to justify present examination of its merit;

002.02A4 whether the person complaining would be a necessary witness if action were taken and is willing to identify himself or herself and come forward to testify; and

002.02A5 whether the information provided or in the knowledge of the person complaining is sufficient to provide a reasonable basis to believe that a violation has occurred or to secure necessary evidence from other sources.

002.02B Review by Attorney General. The Bureau of Examining Boards shall provide the Attorney General with a copy of all complaints it receives and advise the Attorney General of investigations it makes which may involve any possible statutory or regulatory

violation by the licensee or certificate holder. The Attorney General shall then determine which, if any, statutes or regulations the licensee or certificate holder has violated and the appropriate legal action to take.

002.03 Powers of the Department. The Department may through its head, any deputy, assistant or employee, when authorized by its head:

002.03A1 make a thorough investigation into all the books, papers and affairs of any person, firm or corporation when in the judgment of the Department such examination is necessary to the proper performance of its duties and the efficient enforcement of the law, and in so doing to administer oaths and affirmations and to examine on oath or affirmation any person, officer, agent or clerk of any firm or corporation touching the matters which, in the judgment of the Department, ought to be inquired into;

002.03A2 examine and summon and compel by attachment the attendance of any person or persons in this state to testify under oath before the Department or any deputy, any assistant or employee thereof in relation thereto; and

002.03A3 seek an inspection warrant pursuant to Neb. Rev. Stat. §§29-830 to 29-835 when consent to entry for inspection has been refused, or, in investigations involving the Controlled Substances Act, Neb. Rev. Stat. §28-401 et seq., when there is reason to believe that consent would be refused if requested.

002.04 Confidentiality.

002.04A Complainant. The identity of a person making a complaint will not be disclosed without his or her consent unless permitted by law and consistent with 002.04B1, below.

002.04B Investigation Files. Investigational files and materials are public records and are available to the public unless exempted by statute.

002.04B1 Discretion. Investigational files may be withheld from disclosure or disclosed under 84-712.05(5) to serve the ends of justice or in the public interest.

002.04B2 Exceptions under Uniform Licensing Law.

002.04B2a Complaints, investigational records, reports and files of any kind pertaining to alleged violations of statutes or regulations governing persons licensed or certified under Uniform Licensing Law are not public records unless made part of the record of a contested case. Reports made to the Department under mandatory reporting laws for practitioners, members of their profession, other professions, and health care facilities, peer review organizations and professional associations are treated in the same manner as investigational files.

002.04B2b Investigational records, reports and files pertaining to an application shall not be a public record until action is taken to grant or deny an application and may be withheld from disclosure thereafter under section 84-712.05.

002.04B2c Reports by insurers of possible violations shall, to the extent they contain or relate to privileged communications between patient and practitioner, be treated by the department as privileged and shall be considered to be part of the investigational records of the department. Such reports may not be obtained by legal discovery proceedings or otherwise disclosed unless the privilege is waived by the patient involved or the reports are made part of the record in a contested case under section 71-154, in which case such reports shall only be disclosed to the extent they are made part of such record.

002.04B3 Nursing Homes. The findings of the inspection of a nursing home with respect to compliance by any nursing home with the provisions of sections 71-2017 to 71-2029 and 71-6008 to 71-6037 and any rules and regulations adopted and promulgated pursuant thereto shall be made available to the public, together with the nursing home's response to any allegations, in a readily available form and place not later than twenty-one working days after the findings are made available to the nursing home. When the findings are made available to the public they shall include no

1994

reference to any cited violation which has been corrected to the department's satisfaction unless the same reference also clearly notes that the violation has been corrected. 003.02A2 if an application for any form of approval cannot be granted because it contains information showing on its face that the applicant does not meet statutory requirements for approval.

003.02A3 if an application is denied, renewal of a form of approval refused, or an approval revoked solely for failure to submit a complete application by failure to pay a required fee, to submit a required document, or to make such other submission that is required as a condition for approval or continued approval.

003.02A4 if a request for hearing is received after the time for filing the request has expired so that a preliminary decision has become final.

003.02B Procedure for Notice. If it is known at the time of the initial action of the Department that a matter is one that does not require an evidentiary hearing, the Department shall include in its preliminary notice of action a statement advising the applicant, licensee, certificate holder, permittee or other holder of approval that no evidentiary hearing will be held, the basis for this determination and the method to challenge the determination. A party shall challenge by filing a request for hearing in the manner and within the time provided in section 005.04, which shall also include notice that the party wishes to dispute the department

decision that no hearing is required. In other cases, the matter shall be disposed of by order of the Department on its own motion or upon motion by a party. 003.03D The hearing officer or designee may grant a petition for intervention at any time upon determining that the intervention sought is in the interests of justice and will not impair the orderly and prompt conduct of the proceedings.

003.03E If a petitioner qualifies for intervention, the hearing officer or designee may impose conditions upon the intervenor's participation in the proceedings, either at the time that intervention is granted or at any subsequent time. Conditions may include:

The hearing officer or designee may modify the order at any time, stating the reasons for the modification. The hearing officer or designee shall promptly give notice of an order granting, denying, or modifying intervention to the petitioner for intervention and to all parties.

#### 004 APPLICATIONS

004.01 Application: How Made. An application shall be made on forms prescribed by the Department. An applicant shall have 30 days from the date of mailing of said notice in which to submit the information necessary to complete the application. If the Department does not receive the information within that period, it will not consider the application and will so notify the applicant. A new application will be required. The Department may grant additional time for applicants to complete their application in cases in which delay is caused because documents must be obtained from third parties or for other good cause. The time for Department action under 004.04 shall not begin until the application is complete.

004.03 Assistance by Department Staff, Advice. Department staff will make reasonable efforts to assist applicants in making applications by providing necessary forms and pertinent regulations governing the substance of applications and procedures for their processing and advising of their completeness as provided in 004.02.

004.04 Time for Department Action. Within one hundred fifty (150) days after an application is complete the Department will either issue a decision to grant the application or give notice to the applicant of denial and of the method and time to request hearing. An application may be granted without the necessity for holding a public hearing unless otherwise required by law.

GENERALLY

005.01 Scope. The procedures of this section are those generally applicable in actions involving denial, refusal to renew, discipline of licenses, certificates or other forms of approval. They are not applicable to petitions for discipline, covered under section 006, or when another regulation or statute calls for a different procedure.

005.02 Notice of Action. A denial, refusal to renew, suspension, revocation or other discipline may be made in the form of a notice, order or letter. The notice, order, or letter shall:

005.02A Provide the person affected reasonable notice of the factual basis for the action and of the statutory or regulatory provisions supporting the action;

005.02B Notify the person affected of his or her right to request a hearing and of the time and method for doing so; or, if hearing is not required, notice that no hearing will be held and the basis for that determination;

005.04 Request for Hearing. Subject to 003.02, an applicant, licensee, certificate holder, or holder of other form of approval shall be given an opportunity for hearing if hearing is requested in writing and filed with the Department within thirty (30) days of the date that the decision challenged was mailed. 005.06A The date and time of hearing;

005.06B The location of the hearing;

005.06C If determined at the time of notice, the Hearing Officer who will preside over the hearing; and

005.06D To the extent known, the issues involved. 005.07 Setting Hearings. The time and place of each formal hearing shall be set by the Department within thirty (30) days after receipt of a timely request for hearing. Hearings shall be held within ninety (90) days after receipt of a timely request for hearing unless continued for good cause.

006.01A By Whom Brought, Filing. In order for the Director to discipline a license or certificate, a petition for discipline shall be filed by the Attorney General in all cases. The petition shall be filed in the offices of the Director. 006.01B Form. Petitions for discipline shall meet the requirements of 009.01 and its subsections and 009.02. Allegations pertinent to entry of an order for temporary suspension or limitation under 71-147.02 shall be made in the petition. The petition shall be amended in accordance with 009.07 if the facts supporting a temporary suspension or limitation arise after filing of a petition.

006.01C Setting the Hearing.

006.01C1 Generally Petitions shall be set for hearing upon filing. Except as provided in 006.01C2 hearings shall be held not less than thirty (30) nor more than sixty (60) days after the filing of the petition, unless continued for good cause.

006.01C2 Time for Hearing in Actions Involving Temporary Suspension or Limitation. When an order of temporary suspension or limitation is entered under 71-147.02, the petition for discipline shall be heard no later than fifteen (15) days from the date that the temporary limitation or suspension takes effect, unless continued upon the written request of the defendant.

006.01D4 Advise the defendant that all allegations in the petition shall be deemed denied, but that defendant may answer or otherwise plead to the petition if he or she so desires, and of the number of days for filing a responsive pleading;

006.01D5 Attach a copy of the petition for discipline; and

006.01D6 Where applicable, attach a copy of or include an order for temporary suspension or limitation.

006.01E Service on Defendant. The notice and petition for discipline (and order, where applicable) shall be served upon the defendant at least ten (10) days before the hearing. The notice may be served by any sheriff or constable or by any method specified in section 25- 505.01, or the Director may permit substitute or constructive service as provided in section 25-517.02 when service cannot be made with reasonable diligence by any of the methods specified in section 25-505.01.

006.01E1 Praecipe for Service. The plaintiff shall file a praecipe for service of a petition for discipline on the defendant stating the name of the party to be served, the address or addresses at which he or she may be found, and the method of service permitted by 006.01E to be used.

006.01E3 Proof or Return of Service. The person serving the notice on the defendant must file a proof of service, stating the time, place, including the address if applicable, name of the person with whom the notice was left, method of service, or, if unable to serve, file a return of service with a statement of the reason for failure to serve. Service by a method or person permitted under 006.01E other than that specified by the plaintiff or failure to file a proof of return or delay in doing so shall not affect the validity of the service.

006.01F Service on Plaintiff. A copy of a notice of hearing may be served on the plaintiff by leaving a copy of the notice at the offices of the Attorney General or by regular United States mail.

006.02 Post-Hearing Actions for Further Discipline. Actions for revocation of probation or further discipline of a license, certificate, registration, or other form of approval for violation of a term of probation or a limitation or condition of an order of discipline may be brought by the Attorney General in all cases. Actions may be brought by petition, application, motion or other form of pleading and shall be submitted to the office of the Director for filing. Such actions shall proceed in the same manner and subject to the same requirements as an initial petition for discipline.

006.03 Post-Hearing Applications for Modification of a Term or Condition of Probation or a Limitation of an Order of Discipline.

006.03A Applications. A request for modification of a term or condition of probation or a limitation imposed by a final order in actions brought by a petition for discipline may be made by either party during the term of probation or limitation. The party making application shall file the same in the office of the Director.

006.03B Grounds. An application for modification of a term or condition may be made:

006.03B1 when a substantial change in circumstances has occurred such that an original term or condition of probation in a disciplinary order cannot reasonably be met at the place or in the time or manner ordered or other similar reason; or

006.03B2 to make clear the meaning and effect of a term or condition of probation or limitation in an order of discipline that is ambiguous or indefinite.

006.03B3 This procedure is not a substitute for or applicable to requests for reconsideration under section 014, to appeals described in section 015, or to actions for reinstatement or partial reinstatement of a license, certificate or other form of approval under 71-161.02 to 71-161.07.

006.03C Form and Content. The caption of an application for modification is the caption of the original action for discipline. An application shall meet the requirements of section 009.01 of these regulations and its subsections for pleadings generally, and shall include a statement of facts that support modification on the grounds alleged, that is, the facts demonstrating a substantial change in circumstances or the uncertainty or ambiguity in the order in meaning or effect.

006.03D Service of Application. The party making application shall cause a copy of the application to be delivered or mailed to the opposing party at time of filing and shall include a certificate of service in the application. For purposes of this section, "opposing party" means the plaintiff or defendant, as applicable, in the original action for discipline.

006.03E Hearing. An application shall be set for oral argument if requested by either party or the Director so orders. An evidentiary hearing shall be required only if there are disputed issues of fact.

006.03F Notice of Hearing.

006.03F1 Content. When an evidentiary hearing is required, the Department shall provide notice of hearing, which shall:

006.03F1a Identify that the subject of the hearing is an application for modification, and to the extent known, the issues for hearing:

006.03F1b State the date and time of hearing;

006.03F1c State the location at which hearing will be held; and,

006.03F1d If known, identify the hearing officer.

006.03F2 Service. The notice of hearing shall be served on the licensee by certified United States mail, return receipt requested at least ten (10) days prior to hearing. Service on the Attorney General may be made by regular United States mail.

006.04 Petitions for Reinstatement. A person whose license or certificate has been revoked, suspended, limited, or subject to other discipline may request that the Director reinstate his or her license or certificate after proceedings held in accordance with 71-161.02 to 71-161.07, (1) when the board for his or her profession enters a decision recommending reinstatement, or (2) when the board enters a decision recommending partial reinstatement (e.g., with limitations or conditions) and that person accepts the recommendation for partial reinstatement (i.e., does not appeal the board's decision to district court).

006.04A Request, When Made. The request for reinstatement shall be filed within thirty (30) days of receipt of the board's decision.

006.04B Request, How Made. The request for reinstatement shall be made by petition which shall contain the name, mailing address and telephone number of the petitioner, identification of the board and of the decision of the board, the relief sought, and the signature of the petitioner made before a Notary Public. Such request may not be received or filed by the Director unless accompanied by the written recommendation of the board, including any findings of fact or order of the board; the application submitted to the board; the record of hearing, if any; and any pleadings, motions, requests, preliminary or intermediate rulings and orders, and similar correspondence to or from the board and the petitioner. Such request may be made on the form provided by the Department, a copy of which is attached as Attachment 2 and made a part of these regulations or using a reasonable facsimile which meets the requirements of this section.

006.04C Review by the Director. The Director shall issue a decision on the request for reinstatement within one hundred fifty (150) days of the date the request is received by the Department. The decision of the Director shall be based upon a review of the record of the proceedings before the board. The Director shall not hold a second hearing. The Director may affirm the recommendation of the board and grant reinstatement or may reverse or modify the recommendation if the recommendation is in excess of statutory authority, made upon unlawful proceeding, unsupported by competent, material and substantial evidence in view of the entire record, or arbitrary and capricious.

006.04C1 If the Director affirms the recommendation of the board, the Director shall enter an order reinstating or partially reinstating the petitioner's license or certificate.

006.04C2 If the Director does not affirm the recommendation of the board, the Director shall enter an order denying reinstatement or in the case of partial reinstatement either deny or grant partial reinstatement of the petitioner's license. If petitioner does not accept such decision, he or she may appeal to the district court in accordance with the Administrative Procedure Act, Neb. Rev. Stat. §84-917.

006.04C3 Decisions of the Director shall be served on the petitioner by certified mail, return receipt requested.

006.05 Actions under 71-161.12 to 71-161.19. The following procedures shall apply in actions arising under 71-161.13 when, upon investigation of a complaint or on the basis of independent knowledge, the Director finds that reasonable cause exists to question the qualification of an applicant, a licensee, certificate holder, or registrant to practice or continue in practice because of habitual intoxication or dependency on or active addiction to alcohol or any controlled substance or narcotic drug, or physical or mental illness, deterioration or disability.

006.05A Report to Board. The Director shall cause a report of the finding and investigation to be submitted to the board in the profession or occupation for its review.

006.05B Appointment of Panel. The board shall review the record and, if it agrees that reasonable cause exists to question the qualification of the applicant, licensee, certificate holder, or registrant it shall:

006.05B1 Appoint a committee of three qualified physicians to examine the applicant, licensee, certificate holder, or registrant and to report their findings and conclusions to the board.

006.05B1a The physicians appointed shall be qualified by experience or training to evaluate the condition from which the applicant, licensee, certificate holder, or registrant may be suffering.

1994

006.05B1b Costs of evaluation by appointed physicians shall be borne by the department unless the final decision is adverse to the licensee, certificate holder or registrant, in which case such costs shall be taxed against the defendant. An applicant, licensee, certificate holder, or registrant may obtain and submit reports of evaluation by one or more physicians or his or her own choice at his or her own cost for the board's consideration in addition to those of appointed physicians. He or she shall complete such evaluations and submit such reports to the board within the time specified by the board.

006.05B2 Notify the applicant, licensee, certificate holder, or registrant of the finding of reasonable cause and of the appointment of physicians and the times and places to appear for evaluation.

006.05C Review of Results of Evaluation. The Board shall consider the findings and conclusions of the physicians and investigative record. If, on the basis of the record and the findings and conclusions of the appointed physicians the board finds that the applicant, licensee, certificate holder, or registrant is not qualified to practice or to continue in practice, as applicable, the board shall prepare a proposed certification to that effect and proposed recommendations to the Director for disposition. The board shall provide the applicant, licensee, certificate holder, or registrant with the proposed certification and proposed recommendations to the Director for disposition with notice of his or her right to hearing before the board. Notice shall be given in the manner provided in section 005.02.

006.05D Effective Date. The proposed certification of the board that the applicant, licensee, certificate holder, or registrant is not qualified to practice and its recommendations to the Director shall become the certification and recommendation of the board fifteen (15) days after their mailing unless the applicant, licensee, certificate holder, or registrant makes a timely written request for hearing before the board.

006.05E Request for Hearing. Subject to section 003.02, an applicant, licensee, certificate holder, or registrant shall be given an opportunity for hearing before the board if he or she requests hearing in writing and files the same with the Bureau of Examining Boards of the Department within fifteen (15) days of the date that the decision was mailed. The request shall meet the requirements of section 005.04 in content and form.

006.05F Hearing. Prehearing and hearing before the board shall be conducted in the manner provided in sections 005.06, 005.07, and 009 to 012 of these regulations.

006.05G Board Certification and Recommendation to the Director. The decision of the board shall be in writing and made in accordance with section 013 of these regulations.

006.05G1 When, on the basis of the evidence at hearing or upon the failure of the applicant, licensee or certificate holder to request hearing, the board finds the applicant, licensee, certificate holder, or registrant to be not qualified to practice or to continue in practice, the board shall certify that fact to the Director together with its recommendation to the Director for the denial, refusal to renew, limitation, suspension or revocation of the license or certificate.

006.05G2 When the board finds, on the basis of the evidence, that the applicant, licensee, certificate holder, or registrant is not suffering from a condition affecting his or her ability to practice and is otherwise qualified to practice or continue in practice, it shall certify that fact to the Director.

The board shall cause its certification, recommendations and the record of the proceedings before it to be submitted to the Director for disposition.

006.05H Director Review. Decisions shall be made based on the record made before the board; no evidentiary hearing shall be held before the Director. The Director may set the matter for oral argument on his or her own motion or motion of a party.

006.05H1 Upon the certification of the board that an applicant, licensee, certificate holder, or registrant is not qualified to practice or continue in practice, the Director shall so find him or her not qualified. The Director shall thereupon deny, refuse renewal, suspend, limit, or revoke the license, certificate, or registration in such manner and to such extent as the Director determines to be necessary for the protection of the public.

006.05H2 Upon the certification of the board that the applicant, licensee, certificate holder, or registrant is mentally or physically fit to practice or to continue in practice and if the person is otherwise qualified for licensure or certification, the Director shall cause the license, certificate, or registration to be issued or renewed or the investigation closed, as applicable.

006.05I Appeal and Effect of Order. Any applicant, licensee, certificate holder, or registrant has the right of appeal from an Order denying, refusing renewal of, suspending, limiting or revoking a license, certificate, or registration under 71-161.13. Appeal shall be taken in accordance with the Administrative Procedure Act and section 015 of these regulations. The decision of the Director shall continue in effect until:

006.05I1 The action is reversed on appeal; or

006.05I2 The cause for action no longer exists and the license, certificate, or registration is issued or reinstated as provided in 006.04L below.

006.05J Voluntary Surrender or Limitation. Nothing in this section shall be construed to preclude a licensee, certificate holder, or registrant and the Director from entering into an agreement for the voluntary surrender or limitation of a licensee, certificate, or registration under 71-161.11 at any time during proceedings under 71-161.13 prior to entry of the final Order of the Director.

006.05K Procedure on Refusal to Submit to Examination. The board shall notify the Director when an applicant, licensee, certificate holder, or registrant refuses to submit to physical or mental examination. Refusal to submit to a physical or mental examination requested by the board of examiners to determine qualification to practice or continue in practice is just cause for the Director automatically to deny an application, refuse renewal of the license, certificate, or registration or suspend the license, certificate, or registration until such physical or mental examination has been made. In such cases, the Director shall:

006.05K1 Provide written notice to the applicant, licensee, certificate holder, or registrant of the immediate denial, refusal to renew, or suspension of his or her license, certificate, or registration for refusal to submit to examination and of his or her opportunity for hearing, if applicable, on the issue of refusal.

006.05K2 Subject to the provisions of 003.02 of these regulations, provide the applicant, licensee, certificate holder, or registrant with opportunity for hearing on the denial, refusal to renew, or suspension if, within 15 days of the mailing of the notice of action, the applicant, licensee, certificate holder, or registrant makes written request for hearing meeting the requirements of section 005.04 of these regulations and section 003.02B, as applicable. If a hearing is appropriate, notice and hearing shall be provided in accordance with 005.06 and 005.07 and sections 009 to 013 of these regulations, except that hearing shall be held not more than 30 days after the Department's receipt of the request for hearing. Hearings shall not stay the effect of the action taken.

006.05L Procedure for Issuance and Reinstatement A license, certificate, or registration may be issued or reinstated, as applicable, when the cause for denial, refusal to renew, limitation, suspension or revocation under 71-161.13 no longer exists and if the person is otherwise qualified to practice or continue in practice.

006.05L1 Application. To obtain issuance or reinstatement of a license, certificate, or registration denied, refused renewal, limited, suspended or revoked under section 007.04, a person may seek issuance or restoration of the license, certificate or registration by:

006.05L1a Petition to the board to recommend reinstatement using the form attached as Attachment 3 and incorporated in these regulations when the license, certificate, or registration has been limited, suspended or revoked;

006.05L1b Submission of a sworn affidavit from a qualified physician that the cause for action no longer exists and that the applicant is fit and qualified to engage in practice and the report of said physician of his or her complete diagnostic evaluation and findings of the condition of the applicant; and

006.05L1c When the person has been denied or refused renewal of a license, certificate, or registration, application on the forms required for issuance or renewal, as applicable, in his or her profession or occupation, including payment of applicable fees.

006.05L2 Board Review. The board shall review the application or petition and other documents submitted to determine whether there are sufficient grounds to believe that the cause for action against the license, certificate, or registration no longer exists and the applicant/petitioner is otherwise qualified to practice or continue in practice. To make its determination, the board may:

006.05L2a Require submission of further documentation of the treatment or evaluation of the applicant/petitioner;

006.05L2b Appoint a physician or physicians to conduct diagnostic evaluation of the applicant/petitioner and to report the findings to the board.

006.05L2c Require the person to pass a written, oral, or practical examination or any combination of such examinations.

006.05L3 Board Findings.

006.05L3a Findings that Not Qualified or Partially Qualified. The procedures of 006.05C to 006.05G shall apply when the board determines:

006.05L3a1 That the cause for the action still exists.

006.05L3a2 That the applicant or petitioner is not otherwise qualified to practice.

006.05L3a3 That the condition of the applicant or petitioner or his or her other qualifications otherwise, or both, are not sufficient to merit full licensure or certification, but that he or she can practice or continue in practice safely under limitations or conditions.

006.05L3b Findings that Qualified. If the board finds, upon competent medical evidence, that the applicant or petitioner is qualified to engage in practice and the cause for denial, refusal to renew, limitation, suspension or revocation no longer exists, the board shall certify that fact to the director by written findings meeting the requirements of section 013 and shall cause the record of the proceedings to be submitted to the Director for action.

006.05L4 Director Action. The Director shall review the findings of the board and record of its proceedings. Decisions shall be based on the record made before the board; no hearing shall be held before the Director.

006.05L4a Action Upon Board Certification That Not Qualified Or Partially Qualified. The procedures of 006.05H1 shall be followed when the board certifies to the Director that the applicant or petitioner is not qualified to practice or is partially qualified.

006.05L4b Action Upon Board Certification That Qualified. When the board certifies that the basis upon which the action was taken no longer exists and that the petitioner is otherwise qualified to engage in practice the Director shall issue, return, or reinstate such license, certificate, or registration or remove any limitation or restrictions on the license, certificate, or registration.

## 007 PROCEDURES IN SPECIAL CASES

007.01 Summary Suspensions or Limitations. Under some statutes the Department is authorized to suspend, limit or take other action against a license, certificate, permit, registration or other form of approval to take effect immediately without advance notice or hearing, because of an imminent danger to public health, safety or welfare. In such cases, the following procedures shall apply unless a statute or other regulation (see e.g., Neb. Rev. Stat. §71-147.02 and section 006.01B) provides for a different procedure:

007.01A The notice of violations alleged shall be accompanied by an Order which shall:

007.01A1 Recite the basis for the immediate suspension, limitation or other action taken, i.e. the basis for the Department's finding that reasonable cause exists to believe that the violations alleged have occurred and are grounds for discipline, and for its determination that such violations constitute an immediate danger to the public requiring summary action;

007.01A2 Set the matter for hearing and notify the person against whom the action is taken of the date, time and location of hearing and issues for hearing.

007.01B The hearing shall be set to be heard within thirty (30) days of the date the Order is entered unless continued upon the written request of the party against whom the action is taken or upon joint motion of the parties.

007.01C The Order and Notice of Charges shall be served at least ten (10) days prior to the date set for hearing. Service shall be made by certified or registered mail, return receipt requested, by personal delivery or by leaving a copy at the person's usual place of residence with some person of suitable age and discretion residing there, or by other method permitted by law.

007.01D The suspension, limitation or other action taken shall remain in effect until thirty (30) days after the hearing is closed. If no decision has been reached within that time, the temporary suspension, limitation or other action shall terminate unless or until such time as a final decision is entered that imposes a like sanction.

007.02 Show Cause Proceedings. When a statute calls for initiation of a case by requiring a person to show cause why discipline should not be taken, the following procedure shall apply to the extent that the statute or regulations governing the matter do not provide for other procedures.

007.02A An Order to Show Cause shall be entered which shall:

007.02A1 Notify the person affected of the charges or claims that form the basis to believe that a violation of statute or regulation has occurred, including the factual basis for the belief and reference to the statutes or regulations alleged to be violated. Such notice may be included in the Order or in a Statement of Charges attached to the Order and incorporated by reference.

007.02A2 Set the matter for hearing and notify the person of the date, time, and location of hearing and other matters as provided in 005.06.

007.02B The Order shall be served by certified or registered mail, return receipt requested, or by personal delivery.

007.02C The hearing shall be held not less than 60 nor more than 90 days after the date that the Order to Show Cause is entered, unless continued for good cause.

007.02D The person affected shall be served with the Order and charges at least thirty (30) days before the date of hearing. The burden is on the person charged to show cause at the hearing why the Department should not proceed with a hearing on the alleged violations.

007.03 Reinstatement Generally. The procedures of section 005 apply to denials of petitions for reinstatement of a license, certificate or other form of approval except as provided in 006.04 or 007.04 or when a statute or other regulation provides for a different procedure in a particular case.

008 HEARING OFFICERS

008.01 Appointment of a Hearing Officer. Upon receipt of a timely request for hearing or the filing of a petition or other pleading initiating a contested case, the Director shall designate a Hearing Officer.

008.01A The Director may designate him/herself, an employee of the Department, an attorney, or any other individual to serve as Hearing Officer.

008.01B In designating a hearing officer, the Director shall consider the following:

008.01B1 A person who has served as investigator, prosecutor, or advocate in a contested case or in its prehearing stage may not serve as hearing officer or assist or advise a hearing officer in the same proceeding except as provided in 008.01B3.

008.01B2 A person who is subject to the authority, direction, or discretion of one who has served as investigator, prosecutor, or advocate in a contested case or in its prehearing stage may not serve as hearing officer or assist or advise a hearing officer in the same proceeding except as provided in 008.01B3.

008.01B3 If all parties consent, a person who has served as, or who is subject to the authority, direction, or discretion of one who has served as, investigator, prosecutor, or advocate in a contested case or in its prehearing stage may assist a hearing officer in the preparation of orders.

008.01B4 A person who has participated in a determination of probable cause or other equivalent preliminary determination in a contested case may serve as hearing officer or assist or advise a hearing officer in the same proceeding.

008.01B5 A person may serve as a hearing officer at successive stages of the same contested case.

008.01C The Director may designate in writing any person(s) employed by the Department to appoint Hearing Officers. Such designation(s) shall be of public record and available in the offices of the Director.

008.01D The Director or his designee may substitute hearing officers at any time unless the Director or Hearing Officer determines that substitution would result in substantial prejudice to the rights of the parties, in which case a new hearing will be set or the case dismissed without prejudice to the right to bring a new action.

008.02 Duties.

008.02A Conduct Hearing. A Hearing Officer shall have the duty to conduct full, fair, and impartial hearings, to take appropriate action to avoid unnecessary delay in the disposition of proceedings, and to maintain order. He/she shall have all the powers necessary to that end, including any or all of the following powers:

008.02A1 To place witnesses under oath;

008.02A2 To rule upon objections and offers of proof and receive relevant, competent, and probative evidence;

008.02A3 To regulate the course of the proceedings and the conduct of the parties and their representatives;

008.02A7 To see that facts are fully developed, including witness examination, if needed; and

008.02A8 To take any other action consistent with the purpose of the law as administered by the Department and consistent with these rules.

008.02B. Other Functions. A Hearing Officer may also be authorized by the Director (a) to conduct prehearing proceedings such as regulation of the discovery process, holding of prehearing conferences, hearing and ruling on procedural motions, or recommending rulings on substantive motions; (b) to recommend findings of fact, conclusions of law, disposition, or any combination of the three; (c) to issue subpoenas.

009.01G Reception of Pleadings. The Department shall stamp all pleadings or other filings as "RECEIVED" and with the date of filing. No pleading will be considered received, regardless of stamping, that does not comply with the format requirements of Section 009, unless non-compliance is waived by the Department. Waiver may be made affirmatively or by failure of the Department to notify the filing party of non-compliance within seven (7) days of receipt of the pleading.

009.01H Requests for Receipts. A party may request a receipt for any filing made by that party. Request may be made by letter or verbally. The request must be accompanied by an extra copy of the document for stamping and return.

009.011 Location of Files; Official Record . The official record of the proceeding shall consist of those documents described in 015.05 and shall be maintained for at least four (4) years following the date of the final order. Any person who wishes to review the official record of a proceeding before the Department may request access to the file in the appropriate bureau or division of the Department. Organizational charts for the Department may be requested in the office of the Director.

009.02 Petitions. In addition to the requirements of 009.01A for pleadings generally, a petition shall:

009.02A Contain a statement of the basis for the jurisdiction of the Department, and the capacity of the party to initiate the proceeding.

009.02C Separately number and state each cause of action, if the petition contains more than one cause of action.

009.03 Answers. Answers are permitted but not required in proceedings before the Department. Except as provided in 005.05, a party wishing to answer must do so within ten (10) days of service of a petition or other initial pleading. If no answer is filed, the allegations of a petition or other initial pleading shall be deemed denied.

Any defects in service must be specified in the special appearance. A special appearance must be filed within ten (10) days of service of the petition. If any other issue is raised, including the jurisdiction of the Department over the subject matter, the appearance is general and special appearance is waived. See, State v. 009.07 Amendments.

009.07A Of a Petition. A plaintiff may amend his or her petition without permission of the Director or Hearing Officer at any time before an answer is filed or is due, but must give notice to defendant or his attorney. In all other cases, a plaintiff must move the Director for permission to amend.

009.07B Supplemental Pleadings. Either party may be allowed, on notice, and under such terms as the Director or Hearing Officer may prescribe, to file a supplemental petition, answer, or reply alleging facts material to the case occurring after the former petition or complaint, answer, or reply was filed.

009.07C Generally. The Director or Hearing Officer may, either before or after entry of findings and in furtherance of justice, upon such conditions as he deems proper, permit amendment of pleadings where a mistake appears or where amendment does not materially change the parties' claim or defense.

009.07D To Conform To Proof. Where a variance between allegations and proof at hearing are not material (i.e., have no prejudicial effect on the adverse party), a pleading may be amended to conform to the proof at hearing with the permission of the Director or Hearing Officer.

009.08 Motions. Motions shall conform to the requirements of statutes applicable in civil actions in the district courts of this state, except that motions to strike or to make more definite and certain shall be filed within ten (10) days of service of the pleading.

009.09 Changes in Time for Pleadings. The Director or Hearing Officer may, for good cause shown, extend time for pleading. Requests for extension of time must be made by motion, and must be filed on or before the date the pleading is required to be filed. The Director or Hearing Officer may also order a shorter time for pleading that is provided in these rules on his or her own motion or motion of a party to assure that the pleading process is complete before hearing.

009.10 Service of Pleadings. All pleadings and other filings must be served on all parties to the proceeding. Except as otherwise provided, service may be made by hand delivery or by regular United States mail, sufficient postage prepaid. Whenever a party has the right or is required to do some act or take some proceedings within a prescribed period after the service of a notice or other paper upon him or her and the notice or paper is served upon him or her by mail, three days shall be added to the prescribed period. Service upon the attorney of record shall be deemed to be service on the party represented by that attorney.

009.11 Withdrawal of Pleadings. Once filed, no pleading or other filing may be withdrawn from the record without the permission of the Director for good cause shown.

009.12 Withdrawal as Counsel. To withdraw as counsel for a party, attorneys shall file a Notice of Withdrawal and serve the same upon opposing counsel and the party affected. Notices shall be filed not later than three (3) work days prior to hearing unless good cause is shown for delay.

## 010 PREHEARING PROCEDURES

010.01 Consolidation. Whenever two or more actions are pending before the Department between the same or related parties or involving substantially the same facts or issues of law, the actions may be consolidated. Either party may, on motion and notice to the adverse party, require him or her to show cause why the cases should not be consolidated. The Department may also, on its own motion, enter an order to show cause to both parties. If good cause is not shown, the actions shall be consolidated.

010.02 Discovery. Discovery may be made in proceedings before the Department in the same manner as discovery in civil actions in the district courts of this state. Discovery shall be governed by the Nebraska Rules of Discovery adopted by the Nebraska Supreme Court, except that responses, answers or objections to discovery must be filed within fifteen (15) days of the date of service of the request. A party need not file a copy of the discovery request unless and until objection is made or a motion to compel discovery is filed, but he or she shall file a Notice of Service that includes the caption of the case and meets the requirements for a certificate of service as set forth in 009.01A5. A sample Notice is attached as Attachment 4.

010.03 Extension or Shortening of Time for Discovery. The Department may extend or shorten time for discovery upon motion of a party for good cause shown or upon its own motion by progression order or other order.

010.04 Access to Examination. All persons whose applications for licensure, certification or registration or other form of approval are denied due to failure of a required examination may review the examination questions and their answers with respect to questions marked wrong or given partial credit. Review is subject to the following conditions:

010.04A Review may take place only after results of such examination have been issued by the Department.

010.04B Photographic identification of the applicant must be provided to the Department representative.

010.04C Review must take place in the offices of the Department during regular business hours.

010.04D Review may take place only in the presence of a

representative of the Department. A representative of the appropriate governing Board may also be present.

010.04E Neither the examination nor the answer sheet may be taken from the site designated for review.

010.04F Neither examination questions nor answers may be copied. Notes may be made but shall be limited to the question number and any objections, challenges or questions concerning examination questions and answers. Notes shall be reviewed and may be copied or may be confiscated by the Department if, in the opinion of such representative, the notes are likely to compromise the integrity of the examination.

010.04G No questions may be asked of or answered by the Department or Board representative during review concerning the examination questions or answers. Questions, objections, or challenges may be submitted in writing for consideration.

010.04H The examinee may have his or her attorney present during review or authorize, in writing, such attorney or other designee to conduct review in his or her absence. Review by counsel or any other designee of the examinee shall be subject to the same conditions and terms as those for the examinee.

010.05 Discovery of Examination During Appeals. Unsuccessful examinees in the process of appeal of the denial of a license, certificate or other form of approval for failure of the required examination may review their own answer sheets, subject to the conditions set forth in 010.04, and the questions and model answers for questions marked wrong or not given full credit on their answer sheets. No copies of examination materials shall be provided except upon order of the Director of Health or a court of competent jurisdiction. If the number of wrong answers is so great that release of copies of such records will jeopardize the security of the examination, or if access to and/or copies of the questions is sought, the Director, on motion, may order disclosure of such records as are relevant under such conditions as are warranted in the circumstances. Conditions on records found by the Director to be subject to disclosure may include, but are not limited to:

010.05A Restrictions on who may possess the copies;

010.05B Restriction on the number of copies thereto which may be made;

010.05C Restriction on distribution of any copies provided;

010.05D Restriction of the persons who may review the material or copies thereof, including limitations on the examinee;

010.05E Procedures for maintaining security of the copies and for documenting or logging access provided;

010.05F Security of the examination during hearing and further appeal; and/or

010.05G Other measures as may be deemed necessary to ensure that security is maintained.

010.06 Access to Other Examination Materials. Except as provided in 010.04 and 010.05, any person may have access to public records concerning examinations and their development, or statistical information available, if any, relating to examination results.

010.07 Motions and other Matters; Hearing. All motions, special appearances, demurrers, and other similar pleadings shall be in writing and conform to the requirements for pleadings set forth in section 009 of these regulations. Such pleadings shall be set for hearing before the Director, designated Hearing Officer, or other designee if either party requests hearing or the Director, Hearing Officer or other designee so orders. Hearings shall be held within a reasonable time giving due regard to the nature of the motion or other pleading, the status of the case, and the scheduled date for formal hearing.

010.07A Privileges; Motion or Notice Required. When a party intends to assert a constitutional or statutory privilege on his or her own behalf or on behalf of others to refuse to testify, to disclose any matter, to produce any object or writing or to prevent another from being a witness or making other disclosure, the party must raise the issue by motion, notice, objection or pleading as necessary to preserve the privilege as provided by law. Briefs shall accompany the motion, objection, or pleading. See also sections 010.11, 010.12 and 011.01A, *infra*.

010.07B Process.

010.07B1 Obtaining a Hearing Date. The party intending to file a motion or other similar pleading for which a hearing is sought may contact the office of the Director to request an available date or dates for hearing on the motion or other pleading, and include a Notice of Hearing in the pleading. In no event may a party set a date for hearing without advance approval of the date by the Director, Hearing Officer, or other designee of the Director.

010.07B2 Notice of Hearing. The notice of hearing shall include the date, time, and location of hearing, and, where not included in the pleading to be heard, shall identify the subject matter of the hearing. At least three (3) days' advance notice shall be provided to the other party unless the parties agree to a lesser time.

010.07B3 Hearings on Motions. Hearings on motions or other similar pleadings may be held in person or by teleconference. They may be made on the record if so directed by the Hearing Officer or if requested by a party. A party who wishes a copy of the transcription of the record of the hearing shall obtain the same from the court reporter at his or her own cost.

010.08 Subpoenas.

010.08A Application Requirements. Subpoenas for the attendance of a witness or production of documents or things will be issued by the Department through the Director, a hearing officer, or such person designated by the Director, upon application by praecipe by a party. The praecipe for subpoena shall:

010.08A1 Contain the caption of the case;

010.08A2 Identify the name of the person to be served;

010.08A3 State the address(es) at which the person to be served may be found;

010.08A4 Specify the method of service if service by the Department is desired;

010.08A5 State the reason for subpoena (i.e., for deposition, for hearing);

010.08A6 Specify the date, time, and location at which the witness is to appear;

010.08A7 When for the production of documents or things (subpoena duces tecum), designate the books, papers, documents or things to be produced;

(Blank Page)

40B

010.08A8 Except as provided in sections 010.08D and 010.08E, be accompanied by a draft made payable to the witness in an amount equal to the statutory fee for one day's attendance plus mileage computed at the rate allowed by law for travel by the most direct route from the witness's place of residence to the designated place for hearing or deposition and back for attachment to the subpoena; and

010.08A9 When service by the Department is requested, be accompanied by a draft made payable to the Department of Health, State of Nebraska, in an amount sufficient to pay the costs of service for the method of service designated.

010.08B Service of Subpoena. A party requesting issuance of a subpoena may make his or her own arrangements for its service, or request that arrangements for service be made by the Department.

010.08B1 A subpoena or subpoena duces tecum may be served by certified mail, by the sheriff of the county in which the witness resides, by a person designated by the Department, or by a person designated by the party who is not a party and is at least 18 years of age.

010.08B2 A witness may waive service and arrange to pick up a subpoena at the Department or such other location as the party and witness agree.

010.08C Proof of Service. Service by other than certified mail must be shown by a proof of service meeting the requirements of section 006.01E3. When service is made by certified mail, the return must be filed with a Notice of Filing, a sample of which is attached as Attachment 3 and incorporated into these regulations by this reference.

010.08D Department Employees. Department personnel will appear without payment of witness fees or mileage fees, subject to quashing of the subpoena, except that they shall be compensated by the party who requests the subpoena for actual and necessary expenses when required to travel outside of the county of their residence.

010.08E Subpoena by the State. When a subpoena is issued at the request of any agency of state government, the witness shall not be entitled to demand his traveling fees and fee for one day's attendance but shall be required to obey the subpoena if, at the time of service upon him, he is furnished a statement prepared by the agency advising him of the rate of travel fees allowable, the fee for each day's attendance pursuant to the subpoena, and that he will be paid at such rates following his attendance.

010.08F Compliance with Subpoena. Unless the subpoena is quashed, all persons directed to appear shall appear at the time, date and location specified in the subpoena and, when commanded to produce documents, shall furnish and deliver the same. In case of disobedience to a subpoena, the Department may invoke the aid of the applicable district court in requiring the attendance and testimony of the witness and the production of documents requested.

010.08G Motion to Quash. A motion to quash a subpoena may be made in the same manner as in any civil action in district courts of this state. Such motion is not available in asserting a fifth amendment privilege against self-incrimination. See, e.g., State ex rel. Beck v. Lush, 168 Neb. 367 (1959), State ex rel. Wright v. Barlow, 131 Neb 294 (1936).

010.09 Continuances. Evidentiary hearings shall take place at the time and place set by notice or order unless continued upon the application of a party for good cause shown, or upon the Director's own motion at any time. A party must file a motion for continuance immediately upon receipt of the notice of hearing, or as soon as the facts requiring a continuance come to his or her knowledge or attention. The motion must state in detail the reasons why a continuance is necessary. The Director or Hearing Officer may require that a party submit affidavits in support of the request. Only under exceptional circumstances will a request for continuance of a formal hearing on the merits of a case be granted if submitted later than three (3) working days before the hearing date, and in such cases the party requesting a continuance shall submit an affidavit in support of the request. The Hearing Officer may dispense with the requirement for an affidavit and grant a continuance when facts meriting continuance arise during the course of hearing.

010.09A Grounds. Good cause for continuance may include, but is not limited to the following, upon a proper showing:

010.09A1 Illness of the party, legal counsel or witness;

010.09A2 A change in legal representation;

010.09A3 Additional time is needed for discovery or case preparation;

010.09A4 Settlement negotiations are under way.

010.09B Continuance in Temporary Suspension Actions. In disciplinary actions under section 006 in which defendant is under a temporary suspension or limitation, continuance may be granted on the written request of the defendant. Such continuance shall not exceed 30 days.

010.10 Briefs. Any party may submit a brief in support of a motion or other form of application for relief. The Director or Hearing Officer may require that briefs be filed, either simultaneously or according to a prescribed schedule.

010.11 Case Progression. The Director or Hearing Officer may, by order, prescribe a schedule for the progression of the case, including but not limited to, the deadlines for filing certain motions, for amending pleadings, for completing discovery, for conference or conferences before hearing and for final prehearing conferences, and may also include any other matters appropriate in the circumstances.

010.12 Prehearing Conferences.

010.12A Generally. The Director or Hearing Officer may, by order in his or her discretion, or upon motion of a party, direct the attorneys for a party, or the party, if acting on his or her own behalf, to appear personally or by telephone before him or her or a hearing officer in camera for a prehearing conference to consider:

010.12A1 Simplification or clarification of the issues to be determined at hearing;

010.12A2 Agreement by the parties as to facts not in dispute;

010.12A3 Agreement by the parties that certain exhibits may be received at hearing without objection and formal offer;

010.12A4 Agreement by the parties that foundation for certain exhibits is stipulated or waived;

010.12A5 Matters of official notice that will or may be taken;

010.12A6 Disclosure of names of witnesses (other than impeachment witnesses);

010.12A7 Necessity or desirability of amendments to the pleadings;

010.12A8 Whether rules of evidence will be used, subject to the provisions of 010.15;

010.12A9 Pending motions or issues of law to be resolved that may eliminate or affect the scope of the hearing including, but not limited to, assertions of constitutional or statutory privilege;

010.12A10 Discovery documents expected to be offered and objections to their offer;

010.12A11 Ruling on issuance of subpoenas;

010.12A12 Order of presentation of evidence;

014.08 Procedure. When a motion for rehearing is granted or upon remand by a court for rehearing, the parties shall be provided rehearing.

014.08A Rehearing may consist of, as appropriate to the basis on which reconsideration is granted or the case remanded:

014.08A1 An entirely new hearing; or

014.08A2 A reopening of the record of hearing for the limited purpose of receiving newly discovered evidence; or

014.08A3 Entry of new findings of fact and conclusions of law.

014.08B Upon the granting of a motion for rehearing the original decision shall be vacated. When new hearing proceedings are required, the order shall set the date, time and location of hearing, and prehearing and hearing procedures shall be the same as those for the original proceeding.

## 015 APPEALS

015.01 By Whom. Any person aggrieved by a final decision in a contested case before the Department, whether the decision is affirmative or negative in form, is entitled to judicial review under the Administrative Procedure Act, or to resort to such other means of review as may be provided by law.

015.02 When. Persons desiring to appeal a Department decision must do so within thirty (30) days after the service of the final decision of the Department.

015.03 Procedure. Unless otherwise provided by statute or regulation, the procedures of Neb. Rev. Stat. §84-917 govern the procedure for taking an appeal.

015.04 Enforcement of the Decision (Stay). The filing of an appeal in a court of competent jurisdiction does not stay the enforcement of a Department decision. The Department may order a stay, or the court may order a stay after notice to the Department of an application for stay. In determining whether to grant a stay, the Department will consider whether a stay is justified to protect against a substantial threat to public health, safety or welfare.

015.05 Record on Appeal. The Department shall, within thirty (30) days after service of a petition on appeal, or within such further time as the court for good cause may allow, prepare and transmit to the court a certified transcript of the proceedings, including the final decision under appeal. The record shall contain:

015.05A Notice of all proceedings;

015.05B Any pleadings, motions, requests, preliminary or intermediate rulings and orders, and any similar correspondence to and from the agency pertaining to the case;

015.05C The transcribed record of the hearing, including all exhibits and evidence introduced during the hearing, statement of matters officially noticed, and all offers of proof and objections and rulings thereon;

015.05D The final order appealed from.

015.06 Costs of Record. The Department shall require the party appealing to pay for the reasonable direct cost of preparation of the official record except when that party is not required to pay a filing fee to initiate court appeal. The Department may require payment or bond prior to the transmittal of the record.

016 REPEAL The former Rules of Practice and Procedure of the Department, 184 NAC 1, are hereby repealed.

Title 184  
Chapter 2

005.01A4 Consider the petition and any attachments without oral presentation.

005.01B Within thirty (30) days after receipt of a petition, the Department shall in writing:

005.01B1 Set the matter for specified proceedings as described in 005.01A

005.01B2 Decline to issue a declaratory order on the merits of the petition; or

005.01B3 Issue a declaratory order.

005.01B4 Agree to issue a declaratory order by a specified time.

Notwithstanding this section, the Department may determine at any time that it will not issue a declaratory order if issuance of an order under the circumstances would be contrary to any provisions of section 005.11 of these regulations. The Department shall notify the petitioner and, if applicable, any intervenor or necessary party in writing when the Department determines not to issue a declaratory order.

005.01C If the Department has not issued a declaratory order within sixty (60) days after receipt of a petition therefor, the petition shall be deemed to have been denied.

005.01D Decisions: By Whom Made. Decisions on petitions may be made:

005.01D1 Only by the Director, when the decision is to issue an order on the merits on behalf of the Department;

005.01D2 By a designee of the Director, when the decision is not to issue an order on the merits on behalf of the Department;

005.01D3 By a requisite number of members of a board, when a petition seeks a declaratory order about statutes or regulations that are within the sole authority of a board of the Department to implement by regulations or otherwise; or

**Title 184**  
**Chapter 2**

**005.01D4** By both the Director and a board, when they have joint authority to adopt regulations to implement or interpret the law for which an order is sought.

Either the Director or the designated representative may call upon other staff of the Department to provide technical or legal advice as needed to make or to recommend a determination.

**005.02 Additional Information.** If, upon review of the petition, additional information is determined by the Department to be needed to consider the petition, the Department shall notify the petitioner of the nature of the information to be submitted. The request may be made in writing or verbally, but if made verbally, must be confirmed to writing and signed by the person making the request. Department review shall be made within fifteen (15) days of the filing of the petition. The petitioner shall have five (5) days from the receipt of the verbal or written request in which to submit the requested information. The information must be given in writing and be signed by the petitioner. The request and response will be made part of the official record of the proceeding.

**005.03 Intervention.** Persons who qualify for intervention and file timely petitions for intervention may intervene in proceedings for declaratory orders. The Department may, at its discretion, invite any person or entity to file a petition for intervention.

**005.03A When.** The Department shall grant a petition for intervention if all of the following are satisfied.

**005.03A1** The petition is submitted in writing to the Director or designee, with copies mailed to all parties named in the Director's notice of the hearing, no later than twenty-five (25) days after the filing date of the petition to permit consideration prior to disposition as provided by 005.01B. After the period specified in 005.01B intervention may be allowable:

**005.03A1a** upon motions made not less than five (5) days prior to any proceedings scheduled; or

**005.03A1b** upon motions made not more than forty-five (45) days after filing of the petition when the matter is still under consideration;

whichever is earlier.

Chapter 2

**005.03A2** The petition states facts demonstrating that the petitioner's legal rights, duties, privileges, immunities, or other legal interests may be substantially affected by the proceeding or that the petitioner qualifies as an intervenor under any provision of law.

**005.03A3** The Department determines that the interests of justice and the orderly and prompt conduct of the proceedings will not be impaired by allowing the intervention. The Department may grant a petition for intervention at any time upon determining that the intervention sought is in the interests of justice and will not impair the orderly and prompt conduct of the proceedings.

**005.03B Conditions.** If a petitioner qualifies for intervention, the Department may impose conditions upon the intervenor's participation in the proceedings, either at the time that intervention is granted or at any subsequent time. Conditions may include:

**005.03B1** Limiting the intervenor's participation to designated issues in which the intervenor has a particular interest demonstrated by the petition;

**005.03B2** Limiting the intervenor's participation to briefing or other procedures so as to promote the orderly and prompt conduct of the proceedings; and

**005.03B3** Requiring two or more intervenors to combine their presentation(s) and other participation in the proceedings.

Request may be made in the petition. If opportunity for oral argument is granted, argument shall be scheduled to be held not more than forty-five (45) days after filing of the petition. Petitioner and all other parties or, when represented, their attorneys, shall be served with a notice of the date, time and place for oral argument not less than five (5) days in advance of the scheduled date. Service shall be made by certified mail, return receipt requested. Oral argument may be conducted either in person or by telephone conference or with the approval of the Department, by other electronic means that may be technically feasible, subject to agreement considering cost and responsibility for payment.

005.05 Oral Presentation, Procedure. Oral presentation will be made before the representative of the Department authorized to render or to recommend a decision or before a hearing officer.

005.05C The Department representative or hearing officer conducting the proceeding may ask questions during or after the presentation(s).

005.05D Oral presentation shall not exceed forty-five (45) minutes per party in duration unless additional time is granted by the Department representative or hearing officer.

005.05E Parties may make oral presentation on their own behalf or be represented by an attorney.

005.05F A court reporter shall be present to record the presentation(s).

005.06 Brief. A petitioner may submit a written argument, or brief, in support of the petition at time of filing without leave of the Department. The Department may require a brief or may grant opportunity to submit a brief after filing upon application by any party. 005.09 Decision, Content. The decision may consist of a declaratory order on the merits of the petition or a refusal to rule on the merits. When the decision is a refusal to rule, the decision shall contain the reasons for its action. Decisions consisting of a declaratory order shall contain:

005.09A The names of all parties to the proceeding on which it is based;

005.09B The particular facts on which it is based; and

005.09C The statute, regulations, rule or order at issue in the matter;

005.09D The Department's conclusion as to the applicability of the statute, regulations, rule, or order to the facts;

**Chapter 2**

**005.09F** The reasons for the conclusions reached.

**005.10 Decision, Service.** The petitioner, and any other party, or if represented, their attorneys, shall be served with a copy of the decision by certified mail, return receipt requested.

**005.11 Refusal to Rule, Grounds**

**005.11A2** The petition requests a declaratory order on a matter that is outside the scope of authority of the Department;

**005.11A3** The petition requests review or appeal of a decision made by the Department in a contested case;

**005.11A4** The petition requests a declaratory order on the effect of past conduct or current conduct;

**005.11A5** An investigation for purposes of formal adjudication, contested case, or a petition to issue, amend, or repeal regulations is pending before the Department involving the petitioner or substantially the same or similar facts or issues raised in the petition;

**005.11A6** The petition seeks a declaration that a statute or rule and regulation is unconstitutional or invalid;

**005.11A7** The issue raised has been definitely settled by a change in circumstances or other means so that the need for a ruling has terminated.

**005.11A8** An order would substantially prejudice the rights of a person who would be a necessary party and who does not consent in writing to the determination of the matter by a declaratory order proceeding.

MAR 1 1995

Title 184  
Chapter 2

005.11A9 An order may affect the rights or duties of a class or classes of persons so that a declaratory process is unmanageable or the issues should be addressed through rulemaking or adjudication.

005.11B The types of grounds upon which the Department may determine to refuse to issue a declaratory order, may include, but are not limited to, the following:

005.11B1 Refusal is necessary to assure adequate allocation of Department resources available for issuing rulings on petitions raising questions of greater urgency or significance;

005.11B2 Less than one hundred twenty (120) calendar days has elapsed since a declaratory ruling was issued or declined on any petition covering substantially the same subject matter.

005.11B3 The question presented is of such complexity that the Department has had insufficient opportunity or resources to develop a fully matured opinion;

005.11B4 The issue raised requires analysis of so many complex factors that it is unmanageable outside of a full-scale adjudication;

005.11B5 A ruling would not resolve the controversy or uncertainty;

005.11B6 The question posed or facts presented are insufficiently specific, overbroad, or are otherwise inappropriate as a basis on which to decide;

005.11B7 The issue raised turns on peculiar facts which cannot be predicted or adequately described in advance.

006 APPEAL

006.01 Right of Review. A declaratory order is subject to review in the manner provided in the Administrative Procedure Act, Neb. Rev. Stat. §84-917, for contested cases.

006.02 Stay. The taking of an appeal does not stay the enforcement of a binding decision. The Department or a court of competent jurisdiction may stay action upon application by the appealing party.

**006.03 Record.** Within thirty (30) days after service on the Department of a petition on appeal, or such time as the court may allow, the Department shall prepare and transmit to the appropriate court a certified transcript of the proceedings before it. The record in a declaratory order action shall consist of, as applicable:

**006.03A** The petition and attachments to the petition;

**006.03B** Any request for additional information and the response of the petitioner;

**006.03C** The notice of oral argument;

**006.03D** The brief of the petitioner or any other party;

**006.03E** The transcribed record of oral presentation(s) made before the Department;

**006.03F** Motions, requests or correspondence by or between the petitioner or any other party and Department pertaining to the petition; and

**006.03G** The declaratory order appealed from.

**006.04 Costs.** The Department shall charge the appealing party with the reasonable direct cost for preparation of the record or require the party to advance the cost of preparation in all cases except when the party is not required to pay a filing fee to the court. The Department may require payment or bond prior to transmittal of the record.

#### 001 DEFINITIONS

001.01 APA shall mean the Administrative Procedure Act, Neb. Rev. Stat. '84-901 et seq.

001.02 Department shall mean the Department of Health of the State of Nebraska.

001.03 Consensus shall mean unanimous concurrence among the interests represented on a negotiated rulemaking committee unless the committee agrees upon another specified definition.

001.04 Convenor shall mean a person who impartially assists an agency in determining whether establishment of a negotiated rulemaking committee is feasible and appropriate for a particular rulemaking procedure.

001.05 Interest shall mean, with respect to an issue or matter, multiple parties that have a similar point of view or that are likely to be affected in a similar manner.

001.06 Negotiated rulemaking shall mean rulemaking through the use of a negotiated rulemaking committee.

001.07 Negotiated rulemaking committee or committee shall mean an advisory committee established to consider and discuss issues for the purpose of reaching a consensus in the development of a proposed rule.

001.08 Person shall mean an individual, partnership, limited liability company, corporation, association, governmental subdivision, agency or public or private organization of any character.

001.09 Rule or regulation shall mean any rule, regulation, or standard issued by an agency, including the amendment or repeal thereof whether with or without prior hearing and designed to implement, interpret, or make specific the law enforced or administered by it or governing its organization or procedure, but not including rules and regulations concerning the internal management of the agency not affecting private rights, private interests, or procedures available to the public and not including permits, certificate of public convenience and necessity, franchises, rate orders, and rate tariffs, and any rules of interpretation thereof. For purposes of these regulations, every rule and regulation which shall prescribe a penalty shall be presumed to have general applicability or to affect private rights and interests.

## 002 PETITIONS GENERALLY

002.01 Purpose. The negotiated rulemaking process provides a mechanism by which any person may petition the Department for use of a committee to attempt to reach a consensus about controversial issues before a formal rulemaking proceeding is begun. This process is not a substitute for the proceedings of the APA, but is supplemental to that process. Nor is this process meant to preclude other Department efforts or processes to reach consensus with affected persons about the content of rules or regulations.

002.02 Subjects for Petition. A negotiated rulemaking process may be requested on any topic appropriate for a rule or regulation.

002.02A A process may be requested only to develop rules to carry out statutes that are within the authority of the Department to implement.

002.02B A process may not be requested to develop a rule or regulation to vary the specific terms of a statute, that is, on subjects about which the Department has no discretion or policymaking authority.

002.02C A process may not be requested to negotiate a rule on a matter which is not within the definition of a rule or regulation as set forth in 001.09.

002.02D A process may be requested when the use of a negotiated rulemaking procedure is in the public interest as determined by the Director under the provisions of section 004.

002.03 Who May Petition. Any person may petition the Department to request the use of a negotiated rulemaking committee in the development or revision of a rule.

002.04 When a Negotiated Rulemaking Committee May be Requested. A petition for use of negotiated rulemaking may be filed at any time, except that if formal rulemaking proceedings under the APA have been initiated by publication of a notice of public hearing in a newspaper having general circulation in the state, the Department may decline to consider the petition or may consider the timing of the filing as a factor in determining whether to grant or deny a petition.

002.05 Effect of a Committee Decision. Agreements reached under any negotiated rulemaking process are not binding and can be modified during formal rulemaking under the APA as with any other rule or regulation.

### 003 PETITIONS - FORM AND CONTENT

003.01 Request. A request for use of a negotiated rulemaking procedure shall be made by petition that meets the requirements of this section.

#### 003.02 Form.

003.02A A petition may be in the form of a pleading that contains a caption, heading, and name as set forth on Attachment 1, which is attached and made part of these regulations by this reference.

003.02B A petition may be made in the form of a letter so long as it contains all of the information required by these regulations and is clearly delineated as a petition for negotiated rulemaking.

003.03 Size and Paper. All petitions shall be on white, letter- sized paper (8 1/2 x 11) of standard weight.

003.04 Print. Petitions shall be legibly typewritten, photo- statically reproduced, printed, or handwritten. If handwritten, they must be in ink. Only one side of a page shall contain any writing.

003.05 Attachments. Any documents that are intended to accompany the petition shall be securely fastened, clearly marked as attachments to the petition, and meet the requirements of this section for size and print.

003.06 Content. A petition shall meet the following requirements for content and substance. It shall:

003.06A identify the general subject matter about which a negotiated rulemaking process is sought, including the statutes providing authority for the desired regulation and, if amendments to existing regulations are sought, identification of the regulations by title, chapter and name.

003.06B identify the specific issue(s) proposed to be included in a negotiated rulemaking process.

003.06C discuss the facts surrounding each problem or issue.

003.06D discuss why a negotiated rulemaking process is in the public interest, including information on each criterion set forth in 004.02A to 004.02E for Director consideration. The petitioner may submit information concerning criteria set forth in 004.02F and 004.02G and such other information as may assist the Director in making a decision.

003.07 Filing. The petition shall be filed in the office of the Director of Health. Filing may be made by personal delivery or by mail during regular office hours of the Department. Office hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding state holidays. The mailing address for the Department is Department of Health, Third Floor, Nebraska State Office Building, Third Floor, 301 Centennial Mall South, Lincoln, NE 68509.

003.08 Reception of Petitions. The Department shall stamp petitions and other filings related to a petition as "RECEIVED" and with the date of filing. Materials received after regular office hours shall be stamped as received the following day.

004 PETITIONS - CONSIDERATION AND DISPOSITION

004.01 Process Generally. Upon the filing of a petition, the Director may designate a Department employee or board or use the services of a convenor of the Department to recommend to the Director whether a negotiated rulemaking process should be initiated.

004.02 Criteria for Decision. The Department will establish a negotiated rulemaking committee to negotiate and develop a proposed rule if the Director determines that the use of such a procedure is in the public interest. In making that determination, the Director shall consider the factors set forth in section 002.02 and whether:

004.02A There is need for a rule;

004.02B There are a limited number of identifiable interests that will be significantly affected by the rule;

004.02C There is a reasonable likelihood that a committee can be convened with a balanced representation of persons who:

004.02C1 can adequately represent the interests identified; and

004.02C2 are willing to negotiate in good faith to reach a consensus on the proposed rule;

004.02D There is a reasonable likelihood that a committee will reach a consensus on the proposed rule;

004.02E The negotiated rulemaking procedure will not unreasonably delay the notice of proposed formal rulemaking and the issuance of the final rule pursuant to the APA;

004.02F The agency has adequate resources and is willing to commit those resources, including technical assistance, to the committee; and

004.02G The Department, to the maximum extent possible consistent with the legal obligations of the agency, will use the consensus of the committee as the basis for the rule proposed by the Department in the formal rulemaking process of the APA.

004.03 Consideration. Within sixty (60) days after submission of a petition, the Department shall:

004.03A Deny the petition in writing, stating its reasons for denial; or

004.03B Initiate the negotiated rulemaking procedure as set forth in the Department Rules and Regulations Governing Negotiated Rulemaking Committees, 184 NAC 5.

004.04 Decision. The decision of the Department may be made in the form of a pleading or a letter clearly designated as the decision on the petition. The petitioner shall be served with a copy of the decision by certified mail, return receipt requested.

#### 005 REVIEW OF DECISION

005.01 A Department action relating to establishing, assisting or terminating a negotiated rulemaking committee is not subject to judicial review, though nothing herein bars judicial review if such is otherwise provided by law.

For purposes of these regulations, every rule and regulation which shall prescribe a penalty shall be presumed to have general applicability or to affect private rights and interests.

## 002 NEGOTIATED RULEMAKING GENERALLY

002.01 Scope of Regulations. These regulations govern the method for negotiated rulemaking once the Department determines that this kind of process may be in the public interest. The procedure for any person to petition to use negotiated rulemaking and for Department consideration and disposition of a petition is covered in the Department Rules of Practice and Procedure for Petitions for Negotiated Rulemaking, 184 NAC 4.

### 002.02 Process Generally.

The notice shall include:

002.02C Feasibility Determination. The Department considers the comments and applications filed for membership on the committee and determines whether a committee can adequately represent the persons who will be significantly affected by a proposed rule and that it is feasible and appropriate for the particular rulemaking. The Department may use the services of a convenor to assist in making a determination of need, to identify persons who will be significantly affected by a proposed rule, and to conduct discussions with affected persons to determine whether a committee is feasible and appropriate for the particular rulemaking. The convenor may be a state employee or retained by contract, as the Department determines.

002.02C1 Feasible. If the Department decides that negotiated rulemaking is feasible it may establish a committee as set forth in these regulations.

002.02C2 Not Feasible. If the Department decides not to establish a committee, the Department shall:

002.02C2a Notify the persons who commented on or applied for membership on the committee of the reasons for the decision; and

002.02C2b Publish notice of the decision not to establish a committee in a newspaper of general circulation in the state and, as appropriate, in other newspapers and publications.

002.02D Committee. When so determined by the Department, a committee is formed to negotiate issues and develop proposed rules and regulations for use by the Department in formal rulemaking.

003.01A A person designated by the Department to represent the Department on substantive issues.

003.04B1 Information on the name of the person giving the grant or gift and the amount of the grant or gift is available to the public;

003.04B2 The grant or gift is given to and accepted by the Department without placing any condition on the membership of a committee or the outcome of a negotiated rulemaking process; and

003.04B3 There is a consensus among members of the committee that the acceptance of the grant or gift will not diminish the integrity of the process.
