| Welcome     | • All participants welcomed to the meeting and meeting agenda discussed  
• Attendees included: Tiffany Uher, Amara Madsen, Bill Reay, Nick Juliano, Margaret Vacek, Stacy Scholten, Karen Moran | | |
| Discuss QRTP questions submitted to Children’s Bureau | • Discussion of QRTP questions CFS talked about with our federal partner, Debi Hatfield  
  o What are the limitations of the QRTP setting? - Debi indicated that there is nothing in the law that says it has to be a large group setting, but it cannot be a foster home  
  o Regarding the waiver for the 'qualified individual' completing the QRTP assessment, is the Children's Bureau open to a process for managing conflicts of interest that may exist or is the process only for appearances of conflict of interest? - Yes, they are open to waivers and working with conflict of interests  
  o Can the Children's Bureau provide a logic model of how the QRTP assessment is to be completed within 30 days of placement when the child has already been placed in the QRTP and had a separate assessment completed for treatment planning purposes? - No, they cannot provide a logic model | | |
| Boys Town & Cedars discuss feedback received in Kansas City | • At the Kansas City meeting it was discussed that having a QRTP in place is *not* needed to put prevention services in place  
• Some states are not implementing QRTPs because they pay very little non IV-E placements | Margaret or Amara will attempt to get in writing from the conference facilitator |
that QRTPs are not needed to put prevention services in place

Stacy will find out if we are claiming IV-E funds on PRTFs and how much IV-E dollars are being spent on non-foster care placements

| Discuss QRTP assessment information from Nebraska Medicaid | • Nebraska Medicaid indicated that the FBA may be able to be used as an assessment only on youth on the autism spectrum  
• There was not an alternative assessment suggestion from Nebraska Medicaid at this time |
|------------------------------------------------------------|----------------------------------------------------------------------------------------------------------|
| Next steps for:  
1. Assessment?  
2. Who completes assessment? | • This item is tabled until we complete the Action Plan items |
| Next Meeting | • Karen will send out a doodle poll to determine our next meeting date |
