Subject: Health Alert Network Advisory-Measles outbreaks in the United States

On May 3, 2019, the Nebraska DHHS Health Alert Network (HAN) released an advisory regarding measles outbreaks in the United States. The Nebraska Immunization Program is re-sending this out to clinics where staff may not have seen it. Information on the schedules for vaccination are located in the advisory.

Attached you will find the HAN advisory on measles, this can also be found on the DHHS Website under "Health Alerts", <http://dhhs.ne.gov/Pages/Health-Alert-Network.aspx>, or you can click on the website: <http://dhhs.ne.gov/han%20Documents/ADVISORY05032019.pdf> for the advisory.

The HAN webpage also contains previous alerts and updates on other health topics.
