State: Nebraska

INCOME AND ELIGIBILITY VERIFICATION SYSTEM PROCEDURES
REQUESTS TO OTHER STATE AGENCIES

The State of Nebraska has an eligibility system that provides for data matching through the Public Assistance Reporting Information System (PARIS), or any successor system, including matching with medical assistance programs operated by other States.

The information that is requested will be exchanged on at least a quarterly basis with States and other entities legally entitled to verify title XIX applicants and individuals eligible for covered title XIX services consistent with applicable PARIS agreements.

The PARIS match collects data from three separate data matches: Federal, Veterans Affairs (VA) and Interstate. The Federal match provides information about recipients military and civil service benefits. The VA match provides information about veteran's pension and compensation benefits. The Interstate match provides information about recipient's possible receipt of duplicative Medicaid, benefits issued by the 50 states, Washington D.C. and Puerto Rico.
