REGISTRY CONSIDERATIONS

1. Why do we complete the registry??
   a. Who gets the data, and how is it used?

2. NTDB Data Dictionary:
   a. Updated each year, use the year of the chart you are working on
   b. [Link to NTDB Data Dictionary](https://www.facs.org/quality-programs/trauma/tqp/center-programs/ntdb/ntds/data-dictionary)
   c. There is a state data dictionary, it is being revised (note the ** in ImageTrend)

3. How to choose your patients:
   a. 1 page handout
   b. State criteria: include all activations

4. ICD 10 coding
   a. ICD 10 coding questions
      i. Cheat Sheet! Make notes when you find an odd procedure, so you have it for next time
      ii. Free website to with search options: [ICD10Data.com/ICD10CM/Codes](https://www.icd10data.com/ICD10CM/Codes)
      iii. What is included and what isn’t included for ICD 10 codes?
         1. handout
      iv. Networking/phone a friend!
      v. Need help with a diagnosis?
         1. Only code traumatic injuries
         2. Talk with the doctor if the ISS seems too high or low
         3. Check the AIS code too!
         4. HIM—can I ask them for help?

5. “ImageTrend University”

6. Other Registry Education Options
   a. ATS Course [https://www.amtrauma.org/page/TRC](https://www.amtrauma.org/page/TRC)
   b. AAAM Course [http://training.aaam.org/](http://training.aaam.org/)

7. TQIP Google Group
   a. [https://www.facs.org/quality-programs/trauma/tqp/center-programs/ntdb/ntds/google-group](https://www.facs.org/quality-programs/trauma/tqp/center-programs/ntdb/ntds/google-group)
   b. clink the yellow link halfway down the page

8. Validate early and often!
   a. Level 1 & 2 MUST be fixed
   b. Level 3 & 4 indicate something (such as a time/date) is flagged as possibly wrong

9. Other troubleshooting, call Andrew
   a. Andrew.Ngochoch@nebraska.gov
   b. Office: 402-471-1370
