

# NEBRASKA

Good Life. Great Mission.

DEPT. OF HEALTH AND HUMAN SERVICES

Pete Ricketts, Governor

TO: Licensees and Registrants

FROM: Julia Schmitt, Manager  
Office of Radiological Health

DATE: December 2, 2019

SUBJECT: Notice of Public Hearing Summary

In an effort to continue to provide information and clarification to our stakeholders and interested parties throughout the regulation promulgation process, the hearing summaries and the final versions of the regulations that will be forwarded on to the Attorney General's Office for review will be available at <http://dhhs.ne.gov/Pages/Radiation-Control-Regulations.aspx>. The hearing summary is a compilation of all comments received by the Division of Public Health, Office of Radiological Health for Title 180 NAC and the Division's response to those comments. The final draft reflects the final version of the regulations for Title 180 NAC that the Division is moving forward with.

As the comment periods for these regulations close, the next step in the regulation promulgation process is Attorney General Review. If you have any questions regarding the regulations, please contact Deb Wilson at 402-471-0560 or [deb.wilson@nebraska.gov](mailto:deb.wilson@nebraska.gov).

Sincerely,

A handwritten signature in cursive script that reads "Julia A. Schmitt".
