SUBJECT: Revised Nebraska Regulations for Control of Radiation – Title 180

Effective March 13, 2018, revisions and additions to the Nebraska Regulations for Control of Radiation (Title 180) were enacted. Changes were made to Chapters 1, 3, 13, and 24. These changes reflect those discussed in public hearing held on October 26, 2017.

Many changes were required to meet compatibility provisions under the Agreement State status with the U.S. Nuclear Regulatory Commission (NRC). Additional changes were made for clarification and editing purposes.

A copy of the regulations is available for download at: www.dhhs.ne.gov/rad
