

<b>DHHS Policy on Other Employment – In-Home Domestic Service Provider</b>	
Issue Date: January 1, 2016	
Effective Date:	January 1, 2016
Signature:	 Courtney N. Phillips, MPA Chief Executive Director Department of Health and Human Services

**Purpose:**

To provide consistent guidelines for DHHS employees in regard to becoming a compensated provider of in-home domestic services with the Department.

**Policy:**

Employees of the State of Nebraska may not enroll with the Nebraska Department of Health and Human Services to become compensated providers of in-home domestic services. At the discretion of the Department of Health and Human Services Chief Executive Officer or the Chief Executive Officer's designees, an exception may be granted if no other person or agency is available to provide such services to a specific individual and without such services it would be unlikely that the individual could continue to live in a community-based setting.
