\* Total copayment charged per month may not exceed 20% of the Adjusted Monthly Income used to determine eligibility for NBHS funded services.

**Rate** is defined as a) the rate set by the Division of Behavioral Health for services provided which are pre-authorized with the Administrative Services Organization or registered services that have a statewide rate established; b) a Region-determined rate for services provided which are registered with the Administrative Services Organization (ASO) or otherwise documented as required by the Division or Region.

**Cost** refers to the specific expenses incurred by an agency for providing a unit of service or the average costs of serving all customers within a given service **when a Division or Region rate has not been determined for reimbursement purposes**. This includes personnel, occupancy, supplies, administrative expenses, and similar types of expenditures. In determining the specific costs, a provider may include a substantiated allowance for uncollectible client fees but may not include funds in excess of actual cost (i.e., profit) per state regulations.
