Minor Updates July 2008
The Directory is organized by Region, with Region 0 being those agencies having a statewide purpose or state agencies having their major purpose in behavioral health. In the context of this directory, Behavioral Health are the three disciplines of Mental Health, Substance Abuse, and Gambling Services. Agencies listed in this directory have their main purpose within one of these three disciplines. This directory does not attempt to list all individual practitioners of services. Individual practitioners can be found on the Nebraska Licensing Information System at: http://www.dhhs.ne.gov/lis/lisindex.htm. As of the printing of this directory Gambling counselor information is available through the Division of Behavioral Health Services only.

Administratively, Nebraska is made up of six Behavioral Health Regions. Each region is governed by a Regional Behavioral Health Authority comprised of county elected officials, who, together with the Division of Behavioral Health Services, fund the Nebraska Behavioral Health System. Funds flow from Federal and State resources through the Division to the Regions. Regions in turn contract for service provision within their areas. The Regions are given in the Map below.
