# Nebraska Planning System of Care

**T**he Nebraska Department of Health & Human Services System of Care (SOC) Planning Project is bringing together Nebraska youth and families, child-serving systems and providers and Nebraska leaders to develop a comprehensive strategic plan for prevention-oriented, culturally and linguistically appropriate, and family-driven, youth-guided SOC for children/youth with Serious Emotional Disturbances and their families. Led by the Division of Behavioral Health the process mechanism includes Management, Development and Strategy teams each contributing specific roles and products towards the final plan. Stakeholders from across the state will be able to contribute their expertise through regional meetings, forums and a statewide assessment survey.

## SYSTEM OF CARE Stakeholder Kick-Off Meeting

October 29, 2013

Cornhusker Marriott Hotel  
Lincoln, NE

### Grant Guided by Management Team

Grant leadership and support is being drawn from among staff in multiple DHHS Divisions including Behavioral Health, Children and Family Services, Public Health, Medicaid and Long-Term Care and Developmental Disabilities. Also playing key roles on the team are youth leaders, the Nebraska Federation of

Families as well as the Office of Probation Administration. Consultants and partners including the TriWest Group, UNL Public Policy Center and Nebraska Children and Families Foundation round out the team.

### Engage, Educate and Contribute!

#### Stakeholder Survey, Interviews, Forums to Give Plan Relevance

Stakeholder engagement in the SOC planning process is encouraged and welcomed through participation in a self-assessment of readiness for expanding systems of care in Nebraska. Planned for early fall 2013 and under the direction of the SOC **Development Team**, the assessment process will be a collaborative effort between stakeholders, the Regional

### Engagement continued....

Behavioral Health Authorities, DHHS Service Areas and project consultants from the University of Nebraska Public Policy Center and TriWest Group. The assessment will include a statewide web-based survey, targeted key informant interviews, family discussion forums and surveys, youth discussion forums and existing system data.

### Core Strategy Teams Forming Soon

Strategy Teams for System of Care development will be convened in the following core strategy “content” areas: •Policy, Administrative & Regulatory •Trauma Informed Services & Supports • Financing Strategies • Workforce Development •Support Generation •Social Marketing, Communication and CLAS and •High-Fidelity Wraparound. The work of the teams will serve as the framework for system change with finished products from each team contributing to the state’s final strategic plan.
