HEALTH SCREENING CONTRACT

BETWEEN THE

NEBRASKA DEPARTMENT OF HEALTH AND HUMAN SERVICES
DIVISION OF CHILDREN AND FAMILY SERVICES
AND

CREIGHTON FAMILY HEALTH CARE FLORENCE CLINIC

This contract is entered into by and between the Nebraska Department of Health and Human Services, DIVISION OF CHILDREN AND FAMILY SERVICES (hereinafter “DHHS”), and Creighton Family Health Care Florence Clinic (hereinafter “Contractor”).

PURPOSE. The purpose of this contract is to provide direct medical services in the form of Health Screening and vaccinations to refugees.

I. TERM AND TERMINATION

A. TERM. This contract is in effect from October 1, 2010 until September 30, 2011.

B. TERMINATION. This contract may be terminated at any time upon mutual written consent or by either party for any reason upon submission of written notice to the other party at least Thirty (30) days prior to the effective date of termination. DHHS may also terminate this contract in accord with the provisions designated “FUNDING AVAILABILITY” and “BREACH OF CONTRACT.” In the event either party terminates this contract, the Contractor shall provide to DHHS all work in progress, work completed, and materials provided to it by DHHS in connection with this contract immediately.

II. CONSIDERATION

A. TOTAL PAYMENT. DHHS shall pay the Contractor a total amount up to and not to exceed $377,300 (Three hundred seventy-seven thousand and three hundred dollars) for the services specified herein.

B. PAYMENT STRUCTURE. Payment shall be structured as follows:

C. For screening services and vaccinations, the contractor will receive payment based upon:

1. Reimbursement for all services will be subject to the Scope of Services listed below.
2. For refugees seen within the first 90 days after date of arrival in the U.S. – package rate of $539 per refugee. Eighty-five (85%) percent of the package rate
will be reimbursed following the month health screening services were completed and appropriate billing documents are received as outlined in Attachment 2-A (The Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees).

3. The final 15% will be reimbursed upon receipt of documentation that the immunizations are completed. If a patient is unable to be located, or reached to complete the series, provide the final billing document stating why the vaccinations were not completed and document this information in Nebraska State Immunization Information System (NESIIS). The options in NESIIS include “inactive,” “moved out of state” and permanently inactive-deceased.

4. For refugees seen after the first 90 days – reimbursement will be made per service for services that are not covered by Medicaid. Payment will be made at the current Medicaid rate. Reimbursement will occur following the month health screening services were completed and appropriate billing documents are received as outlined in Attachment 2-B. (The Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees.)

III. SCOPE OF SERVICES

A. The Contractor agrees:

1. To partner with the referring Voluntary Agency (VOLAG) and determine each individual’s eligibility. To be eligible for a refugee health screening, proof is required in the form of documentation issued to an individual by the U.S. Citizenship and Immigration Services (USCIS). The documentation must establish one of the following statuses:
   - Paroled as a refugee or asylee under section 212 (d) (5) of the Immigration and Nationality Act (INA).
   - Admitted as a refugee under section 207 of the INA.
   - Granted political asylum under section 208 of the INA.
   - Granted parole status as a Cuban/Haitian Entrant, in accordance with the requirements in 45CFR Section 401.2.
   - Certain Amanasians from Vietnam.
   The documentation must also establish the date of arrival into the United States. See guidelines in Attachment 2 (Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees) for more details.

2. To conduct the entire health screening assessment and provide initial vaccinations at a single location to provide ease of services to refugees, help reduce costs, and maximize the Refugee Medical Assistance (RMA) funding for health screening. See guidelines in Attachment 2 (Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees) for more details.

3. There is no time limit for follow-up immunizations as long as the initial health assessment was performed within 90 days of arrival and immunizations are begun within eight months of arrival.
4. To the fullest extent possible, ensure ease of service for follow-up vaccinations. Continuity of care for the refugee will also be taken into consideration.

5. To arrange or establish referrals for services that are needed but are not covered in the initial health exam. The health screening focuses on screening for communicable disease and conditions that may prevent the refugee from an effective resettlement (gaining employment, language training, and going to school). Treatment and follow-up are not included, however, if a refugee does test positive for Chlamydia or Gonorrhea, treatment may be offered at the discretion of the Nebraska Infertility Prevention Project (IPP) which offers treatment (Ceftriaxone and Azithromycin). Treatment is available to providers for Isoniazid and Vitamin B6 at no cost to patients through the State TB Program.

6. To provide services to refugees without expecting the refugee to pay for any services included in the initial health screening.

7. To ensure that no other sources, private or public, are charged for services included in the health screening and required vaccinations.

8. To complete the Report of Medical Examination and Vaccination Report (Form I-693) and include them as part of the package of service as described in the Attachment 2 (Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees). Only a civil surgeon designated by the United States Citizenship and Immigration Services (USCIS) to conduct medical examinations or a health department that has been given a blanket waiver may complete the Form I-693 and the vaccination supplement submitted with it.

9. To have a licensed provider to conduct the health screening assessment such as a nurse practitioner, physician assistant, public health or extended role nurse. Trained assistants may be used as appropriate (blood pressure, vision screening).

10. To use a qualified interpreter for the refugee who speaks limited English. In Nebraska, there are no laws for licensing of medical interpreters. The clinic will make the judgment if an interpreter is qualified.

11. To comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule.

12. To report State reportable health conditions for communicable disease to the local health authority (local health department) per Title 173. (http://www.dhhs.ne.gov/reg/t173.htm).

13. To utilize the “Vaccines for Children Program” for all children 18 and under who need vaccines.
B. The Contractor shall do the following:

1. Follow the recommended health screening protocol as outlined in Attachment 2 (The Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees) when screening refugees.

2. Complete the Health Screening Assessment form in Attachment 2-E (The Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees) for each refugee and collect data on services provided and submit to the State. Upon the availability of the assessment form on the Nebraska State Immunization Information System (NESIIS), transition to utilization of the NESIIS instead of paper forms.

3. Provide the Health Screening Assessment as outlined in Attachment 2 for at least 90% of refugees in the first 90 days after a refugee arrives in the United States.

4. Make appointments/referrals for refugees in need of follow-up care.

5. Conduct oversight to assure that their agency is not billing Medicaid for the same refugee service as provided in the refugee health screening protocol.

6. Bill for services covered within the first 90 days according to the procedures contained in Attachment 2-A (The Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees).

7. Bill Medicaid for Medicaid covered services after the first 90 days.

8. For non covered Medicaid services after the first 90 days, provide a bill of covered services to the Department according to Attachment 2-B (The Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees).

9. Have a Civil Surgeon sign USCIS form 693 (Report of Medical Examination and Vaccination Record) needed for refugees to acquire Lawful Permanent Resident status without an additional charge to the refugee.

10. Ensure staff is trained on the Health Screening Protocol and on billing requirements for the program.

11. Provide reports to the Department as found in Attachment 2-A, B, and C (The Nebraska Refugee Health Screening Program Core Screening Procedures for Refugees.).

12. Permit access to all financial or other records developed under this grant agreement to the Department and the United States Department of Health and Human Services.
C. **DHHS shall do the following:**

1. Provide administrative guidance, policy, and monitoring of services.

2. Provide all necessary training to the Contractor on the health screening protocol and billing process.

3. Notify the contractor of changes to the health screening protocol.

4. Provide quality Assurance and record reviews ensuring guidelines are followed.

**IV. GENERAL PROVISIONS**

A. **ACCESS TO RECORDS AND AUDIT RESPONSIBILITIES.**

1. All Contractor books, records, and documents regardless of physical form, including data maintained in computer files or on magnetic, optical or other media, relating to work performed or monies received under this contract shall be subject to audit at any reasonable time upon the provision of reasonable notice by DHHS. Contractor shall maintain all records for five (5) years from the date of final payment, except that records that fall under the provisions of the Health Insurance Portability and Accountability Act (HIPAA) shall be maintained for six (6) full years from the date of final payment. In addition to the foregoing retention periods, all records shall be maintained until all issues related to an audit, litigation or other action are resolved to the satisfaction of DHHS. All records shall be maintained in accordance with generally accepted business practices.

2. The Contractor shall provide DHHS any and all written communications received by the Contractor from an auditor related to Contractor's internal control over financial reporting requirements and communication with those charged with governance including those in compliance with or related to Statement of Auditing Standards (SAS) 112 *Communicating Internal Control related Matters Identified in an Audit* and SAS 114 *The Auditor’s Communication with Those Charged With Governance.* The Contractor agrees to provide DHHS with a copy of all such written communications immediately upon receipt or instruct any auditor it employs to deliver copies of such written communications to DHHS at the same time copies are delivered to the Contractor, in which case the Contractor agrees to verify that DHHS has received a copy.

3. The Contractor shall immediately correct any material weakness or condition reported to DHHS in the course of an audit and notify DHHS that the corrections have been made.

4. In addition to, and in no way in limitation of any obligation in this contract, the Contractor shall be liable for audit exceptions, and shall return to DHHS all
payments made under this contract for which an exception has been taken or which has been disallowed because of such an exception, upon demand from DHHS.

B. **AMENDMENT.** This contract may be modified only by written amendment executed by both parties. No alteration or variation of the terms and conditions of this contract shall be valid unless made in writing and signed by the parties.

C. **ANTI-DISCRIMINATION.** The Contractor shall comply with all applicable local, state and federal statutes and regulations regarding civil rights and equal opportunity employment, including Title VI of the Civil Rights Act of 1964; the Rehabilitation Act of 1973, Public Law 93-112; the Americans With Disabilities Act of 1990, Public Law 101-336; and the Nebraska Fair Employment Practice Act, NEB. REV. STAT. §§ 48-1101 to 48-1125. Violation of said statutes and regulations will constitute a material breach of contract. The Contractor shall insert this provision in all subcontracts.

D. **ASSIGNMENT.** The Contractor shall not assign or transfer any interest, rights, or duties under this contract to any person, firm, or corporation without prior written consent of DHHS. In the absence of such written consent, any assignment or attempt to assign shall constitute a breach of this contract.

E. **ASSURANCE.** If DHHS in good faith, has reason to believe that the Contractor does not intend to, is unable to, or has refused to perform or continues to perform all material obligations under this contract, DHHS may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at DHHS’s option, be the basis for terminating this contract.

F. **BREACH OF CONTRACT.** DHHS may terminate the contract, in whole or in part, if the Contractor fails to perform its obligations under the contract in a timely and proper manner. DHHS may, by providing a written notice of default to the Contractor, allow the Contractor to cure a failure or breach of contract within a period of thirty (30) days or longer at DHHS’s discretion considering the gravity and nature of the default. Said notice shall be delivered by Certified Mail, Return Receipt Requested or in person with proof of delivery. Allowing the Contractor time to cure a failure or breach of contract does not waive DHHS’s right to immediately terminate the contract for the same or different contract breach which may occur at a different time. DHHS may, at its discretion, contract for any services required to complete this contract and hold the Contractor liable for any excess cost caused by Contractor’s default. This provision shall not preclude the pursuit of other remedies for breach of contract as allowed by law.

G. **CONFIDENTIALITY.** Any and all information gathered in the performance of this contract, either independently or through DHHS, shall be held in the strictest confidence and shall be released to no one other than DHHS without the prior written authorization of DHHS, provided, that contrary contract provisions set forth herein shall be deemed to
be authorized exceptions to this general confidentiality provision. This provision shall survive termination of this contract.

H. CONFLICTS OF INTEREST. In the performance of this contract, the Contractor shall avoid all conflicts of interest and all appearances of conflicts of interest. The Contractor shall immediately notify DHHS of any such instances encountered so that other arrangements can be made to complete the work.

I. COST PRINCIPLES AND AUDIT REQUIREMENTS. The Contractor shall follow the applicable cost principles set forth in OMB Circular A-87 for State, Local and Indian Tribe Governments or A-122 for Non-Profit Organizations. Audit requirements are dependent on the total amount of federal funds received by the Contractor, set in the table below and Attachment 1, Audit Requirement Certification. Audits must be prepared and issued by an independent certified public accountant licensed to practice. A copy of the annual financial review or audit is to be made electronically available or sent to: Nebraska Department of Health and Human Services, Financial Services, P.O. Box 95026, Lincoln, NE 68509-5026.

J. DATA OWNERSHIP AND COPYRIGHT. All data collected as a result of this project shall be the property of DHHS. The Contractor shall not copyright any of the copyrightable material produced in conjunction with the performance required under this contract without written consent from DHHS. DHHS hereby reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use the copyrightable material for state government purposes. This provision shall survive termination of this contract.

K. DEBARMENT, SUSPENSION OR DECLARED INELIGIBLE. The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

L. DOCUMENTS INCORPORATED BY REFERENCE. All references in this contract to laws, rules, regulations, guidelines, directives, and attachments which set forth standards and procedures to be followed by the Contractor in discharging its obligations under this contract shall be deemed incorporated by reference and made a part of this contract with the same force and effect as if set forth in full text, herein.

M. DRUG-FREE WORKPLACE. Contractor certifies that it maintains a drug-free workplace environment to ensure worker safety and workplace integrity. Contractor shall provide a copy of its drug-free workplace policy at any time upon request by DHHS.
N. FEDERAL FINANCIAL ASSISTANCE. The Contractor shall comply with all applicable provisions of 45 C.F.R. §§ 87.1-87.2. The Contractor shall not use direct federal financial assistance to engage in inherently religious activities, such as worship, religious instruction, and/or proselytization.

O. FORCE MAJEURE. Neither party shall be liable for any costs or damages resulting from its inability to perform any of its obligations under this contract due to a natural disaster, or other similar event outside the control and not the fault of the affected party ("Force Majeure Event"). A Force Majeure Event shall not constitute a breach of this contract. The party so affected shall immediately give notice to the other party of the Force Majeure Event. Upon such notice, all obligations of the affected party under this contract which are reasonably related to the Force Majeure Event shall be suspended, and the affected party shall do everything reasonably necessary to resume performance as soon as possible. Labor disputes with the impacted party's own employees will not be considered a Force Majeure Event and will not suspend performance requirements under this contract.

P. FUNDING AVAILABILITY. DHHS may terminate the contract, in whole or in part, in the event funding is no longer available. Should funds not be appropriated, DHHS may terminate the contract with respect to those payments for the fiscal years for which such funds are not appropriated. DHHS shall give the Contractor written notice thirty (30) days prior to the effective date of any termination. The Contractor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. In no event shall the Contractor be paid for a loss of anticipated profit.

Q. GOVERNING LAW. The contract shall be governed in all respects by the laws and statutes of the State of Nebraska. Any legal proceedings against DHHS or the State of Nebraska regarding this contract shall be brought in Nebraska administrative or judicial forums as defined by Nebraska State law. The Contractor shall comply with all Nebraska statutory and regulatory law.

R. HOLD HARMLESS.
   1. The Contractor shall defend, indemnify, hold, and save harmless the State of Nebraska and its employees, volunteers, agents, and its elected and appointed officials ("the indemnified parties") from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses ("the claims"), sustained or asserted against the State of Nebraska, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Contractor, its employees, subcontractors, consultants, representatives, and agents, except to the extent such Contractor liability is attenuated by any action of the State of Nebraska which directly and proximately contributed to the claims.
2. DHHS’s liability is limited to the extent provided by the Nebraska Tort Claims Act, the Nebraska Contract Claims Act, the Nebraska Miscellaneous Claims Act, and any other applicable provisions of law. DHHS does not assume liability for the action of its Contractors.

S. INDEPENDENT CONTRACTOR. The Contractor is an Independent Contractor and neither it nor any of its employees shall for any purpose be deemed employees of DHHS. The Contractor shall employ and direct such personnel as it requires to perform its obligations under this contract, exercise full authority over its personnel, and comply with all workers' compensation, employer’s liability and other federal, state, county, and municipal laws, ordinances, rules and regulations required of an employer providing services as contemplated by this contract.

T. INVOICES. Invoices for payments submitted by the Contractor shall contain sufficient detail to support payment. Any terms and conditions included in the Contractor’s invoice shall be deemed to be solely for the convenience of the parties.

U. INTEGRATION. This written contract represents the entire agreement between the parties, and any prior or contemporaneous representations, promises, or statements by the parties, that are not incorporated herein, shall not serve to vary or contradict the terms set forth in this contract.

V. LOBBYING.
1. No Federal appropriated funds shall be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this contract or (a) the awarding of any Federal agreement; (b) the making of any Federal grant; (c) the entering into of any cooperative agreement; and (d) the extension, continuation, renewal, amendment, or modification of any Federal agreement, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this contract, the Contractor shall complete and submit Federal Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

W. NEBRASKA NONRESIDENT INCOME TAX WITHHOLDING. Contractor acknowledges that Nebraska law requires DHHS to withhold Nebraska income tax if payments for personal services are made in excess of six hundred dollars ($600) to any contractor who is not domiciled in Nebraska or has not maintained a permanent place of business or residence in Nebraska for a period of at least six months. This provision applies to individuals, to a corporation if 80% or more of the voting stock of the corporation is held by the shareholders who are performing personal services, and to a partnership or
limited liability company if 80% or more of the capital interest or profits interest of the partnership or limited liability company is held by the partners or members who are performing personal services.

The parties agree, when applicable, to properly complete the Nebraska Department of Revenue Nebraska Withholding Certificate for Nonresident Individuals Form W-4NA or its successor. The form is available at: http://www.revenue.ne.gov/tax/current/f_w-4na.pdf or http://www.revenue.ne.gov/tax/current/fill-in/f_w-4na.pdf

X. NEBRASKA TECHNOLOGY ACCESS STANDARDS.
The Contractor shall review the Nebraska Technology Access Standards, found at http://www.nitc.state.ne.us/standards/accessibility/tacfinal.html and ensure that products and/or services provided under the Contract comply with the applicable standards. In the event such standards change during the Contractor’s performance, the State may create an amendment to the Contract to request that Contract comply with the changed standard at a cost mutually acceptable to the parties.

Y. NEW EMPLOYEE WORK ELIGIBILITY STATUS. The Contractor shall use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. § 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee.

If the Contractor is an individual or sole proprietorship, the following applies:

1. The Contractor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at www.das.state.ne.us.

2. If the Contractor indicates on such attestation form that he or she is a qualified alien, the Contractor agrees to provide the U.S. Citizenship and Immigration Services documentation required to verify the Contractor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program.

3. The Contractor understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by NEB. REV. STAT. § 4-108.
Z. **PROMPT PAYMENT.** Payment shall be made in conjunction with the State of Nebraska Prompt Payment Act, NEB. REV. STAT. §§ 81-2401 through 81-2408. Unless otherwise provided herein, payment shall be made by electronic means.

**ACH Enrollment Form Requirements for Payment**

"It is the responsibility of the vendor to complete and sign the State of Nebraska ACH Enrollment Form and to obtain the necessary information and signatures from their financial institution. The completed form must be submitted before payments to the vendor can be made."

Download ACH Form:
http://www.das.state.ne.us/accounting/nis/address_book_info.htm

AA. **PUBLIC COUNSEL.** In the event Contractor provides health and human services to individuals on behalf of DHHS under the terms of this contract, Contractor shall submit to the jurisdiction of the Public Counsel under NEB. REV. STAT. §§ 81-8,240 through 81-8,254 with respect to the provision of services under this contract. This clause shall not apply to contracts between DHHS and long-term care facilities subject to the jurisdiction of the state long-term care ombudsman pursuant to the Long-Term Care Ombudsman Act.

BB. **RESEARCH.** The Contractor shall not engage in research utilizing the information obtained through the performance of this contract without the express written consent of DHHS. The term "research" shall mean the investigation, analysis, or review of information, other than aggregate statistical information, which is used for purposes unconnected with this contract.

CC. **SEVERABILITY.** If any term or condition of this contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this contract did not contain the particular provision held to be invalid.

DD. **SUBCONTRACTORS.** The Contractor shall not subcontract any portion of this contract without prior written consent of DHHS. The Contractor shall ensure that all subcontractors comply with all requirements of this contract and applicable federal, state, county and municipal laws, ordinances, rules and regulations.

EE. **TIME IS OF THE ESSENCE.** Time is of the essence in this contract. The acceptance of late performance with or without objection or reservation by DHHS shall not waive any rights of DHHS nor constitute a waiver of the requirement of timely performance of any obligations on the part of the Contractor remaining to be performed.

**NOTICES.** Notices shall be in writing and shall be effective upon receipt. Written notices, including all reports and other written communications required by this contract shall be sent to the following addresses:

INSERT PROGRAM NAME

AUDIT REQUIREMENT CERTIFICATION

Subgrantees and certain contractors receiving funds from the Nebraska Department of Health and Human Services are required to complete this document. Reference to the Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, in this document is “Circular A-133”.

Grant Name __________________ Grant # ____________________________ CFDA* # 93.566 ______

Program Name, Grant #, and CFDA # need to be filled out by the DHHS program office

*(Catalog of Federal Domestic Assistance)

Contractor’s Name ____________________________

Address: ____________________________

City: _______ State: NE Zip Code: 68112

Federal Tax Identification Number (FTIN) ____________ 47-0376583

Contractor’s Fiscal Year ____________ July 1, 2010 to June 30, 2011

All written communications from the Certified Public Accountant (CPA) engaged under #1 or #2 below, given to the contractor including those in compliance with or related to Statement of Auditing Standards (SAS) 112 Communicating Internal Control related Matters Identified in an Audit and SAS 114 The Auditor’s Communication with Those Charged With Governance must be provided by the contractor to the Nebraska Department of Health and Human Services immediately upon receipt, unless the contractor has directed the CPA to provide the copy directly to the Department and has verified this has occurred.

Check either 1 or 2 and complete the signature block on page 2:

1. __ As the contractor named above, we expect to expend less than $500,000 from all Federal Financial Assistance sources, not just the grant named above, and including commodities in our current fiscal year. Therefore, we are not subject to the audit requirements of Circular A-133.

We are, however, responsible for engaging a licensed Certified Public Accountant (CPA) to conduct and prepare either, a review (expenditures less than $75,000) or audit report (expenditures $75,000-$499,999) of our organization’s financial statements and a report issued by the CPA. We acknowledge the audit must be completed no later than nine months after the end of our organization’s current fiscal year. A copy of the report must be submitted to the Nebraska Department of Health and Human Services address as shown below within the earlier of 30 days after receipt of the auditor’s report(s), or nine months after the end of the audit period.

Rev. 07/09
2. As the contractor named above, we expect to expend $500,000 or more from all Federal Financial Assistance sources, not just the grant named above, and including commodities in our current fiscal year. Therefore we are subject to the single audit requirements of Circular A-133.

We will engage a licensed Certified Public Accountant to conduct and prepare the audit of our organization's financial statements and components of the single audit pertaining to those financial statements. We acknowledge the audit must be completed no later than nine months after the end of our current fiscal year.

We further acknowledge, as the contractor, that a single audit performed in accordance with Circular A-133 must be submitted to the Federal Audit Clearinghouse. The reporting package, as evidence the audit was completed must contain:

- The contractor's financial statements,
- a schedule of Expenditure of Federal Awards,
- a Summary Schedule of Prior Audit Findings (if applicable),
- a corrective action plan (if applicable) and
- the auditor's report(s) which includes an opinion on this contractor's financial statements and Schedule of Expenditures of Federal Awards, a report on this contractor's internal control, a report on this contractor's compliance and a Schedule of Findings and Questioned Costs.

We further acknowledge the auditor and this contractor must complete and submit with the reporting package a Data Collection Form for Reporting on Audits of States, Local Governments and Non-Profit Organizations (SF-SAC).

We further acknowledge a copy of this subgrantee's financial statements, auditor's report and SF-SAC must be submitted, at the time these documents are submitted to the Federal Audit Clearinghouse, to the:

    Nebraska Department of Health and Human Services
    Financial Services
    Grants and Cost Management
    P.O. Box 95026
    Lincoln, NE 68509-5026

or the Contractor must notify the Department when the reporting package becomes available and provide the Department with access to an electronic version of its annual audit and financial report. Notification of availability will be sent to the Nebraska Department of Health and Human Services, Financial Services, Grant and Cost Management is a format similar to the following:

The Contractor's latest A-133 Audit is now available for your use at:
http://www.

The Contractor's financial report is available at:
http://www.
The foregoing submissions or notification and electronic access to the annual audit and financial report must be made within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period.

Nebraska Refugee Health Program

NEBRASKA REFUGEE HEALTH SCREENING PROGRAM
CORE SCREENING GUIDELINES FOR REFUGEES, ENTRANTS, VICTIMS OF TRAFFICKING AND ASYLEES

I. INTRODUCTION

Under the Refugee Act, Section 412 (b)(5), the Office of Refugee Resettlement (ORR) is responsible for the provision of medical screening and initial medical treatment to all arriving refugees. In Nebraska, the refugee health screening process is administered by the Nebraska Department of Health and Human Services (Nebraska DHHS), Division of Children and Families and the Division of Public Health.

Nebraska DHHS has the authority to plan, develop programs, and make rules and regulations pertaining to refugee resettlement programs. The department has the responsibility to ensure that refugee medical screening will be made available to refugees in accordance with the regulations established by the federal Office of Refugee Resettlement (ORR), and the requirements detailed in ORR State Letter # 04-10 and 45 Code of Federal Regulation (CFR) Part 400.107. The Nebraska DHHS Division of Families and Children participate in a memorandum of understanding (MOU) with the Nebraska DHHS Division of Public Health, to enter, manage and evaluate the data from refugee health screening.

Health screening is the refugee’s introduction to the U.S. health care system. It also represents an opportunity for referral to appropriate continuing care. Health education and patient information about local community health resources are made available in the native languages of refugees.

The refugee health screening program is designed to:

- Ensure follow-up of refugees with conditions identified during the overseas medical exam.
- Evaluate current health status and identify health problems not identified during, or developed subsequent to, the overseas exam (which may have been performed up to one year prior to departure for the U.S.)
- Ensure refugees are referred for follow-up to specialty and primary care, as indicated.
- Identify conditions with a potential to adversely impact effective resettlement.
- Initiate appropriate immunizations which includes childhood immunizations and immunizations required for all refugees to adjust status to become lawful permanent residents of the U.S.
- Provide orientation to the U.S. health care system, including education about the availability and appropriate utilization of health services.

Components to the U.S. Refugee Health Screening protocol include:
1. Overseas Visa Medical Examination

Refugees resettling in the U.S. must receive an overseas visa medical examination prior to departure for the U.S. The overseas exam is the same for refugees worldwide. The components are specified by federal regulations. The purpose of the overseas exam is to identify refugees with medical conditions or psychological disorders that may be a danger to themselves or the general population, which, by law, would exclude them from entry into the U.S. Conditions identified during the overseas exam requiring follow up in the U.S. are designated Class A or Class B.

- A refugee with an excludable condition (Class A) must apply for a waiver to enter the U.S. A condition of the waiver generally includes assurance that necessary medical services will be provided following entry into the U.S.
- Class B conditions do not require a waiver, but do require follow-up medical care on arrival in the U.S.

The overseas exam only provides baseline medical information. It does not allow for supplemental testing for refugees arriving from areas of the world where certain diseases may be endemic or epidemic. Many refugees come from areas where disease control, diagnosis and treatment have been lacking and/or the health care system and public health infrastructure have been interrupted for several years. Because the overseas exam may be completed up to one year before departure, the refugee may develop a communicable disease or other health condition after examination, but before arriving in the U.S.

2. Domestic Health Screening

The domestic refugee health screening differs significantly from the overseas exam. While the overseas examination is intended to identify medical conditions that will exclude an applicant from entering the U.S., the domestic health screening is designed to eliminate health-related barriers which may affect successful resettlement. Such screenings are also protective of the health of the U.S. population. The following are key points of information regarding this screening program:

- All newly arriving refugees are eligible for a federally funded Refugee Medical Assistance (RMA) health screening examination.
- The contractor needs to make the utmost effort to initiate the refugee health assessment within 90 days of entry into the U.S. in order for the refugee to access these no cost services and for the provider to be reimbursed by RMA funds through the Nebraska DHHS Refugee Health Program.
- Asylees and victims of human trafficking are also eligible for the refugee health screening when initiated within 90 days of their certification.
- If the refugee is seen for their initial exam outside of the 90 days, but within certain time limits (Iraqi refugees- 8 months, Afghan refugees- 6 months, all other refugees-8 months), Nebraska Medicaid will be the first payer for the Nebraska Refugee Health Assessment. Nebraska refugee health assessment guidelines should still be completed per attached guidelines with Medicaid being billed first.
- For services that are not covered by Nebraska Medicaid, Nebraska DHHS should be billed as RMA funds will be utilized to cover needed services Medicaid cannot bill for (Attachment C).
The health provider must be a licensed physician, hospital, community health center, county health department or clinic. The Nebraska DHHS Refugee Health Screening Program contracts with qualified local county and city health departments or other health care providers to provide refugees with health screening. There is a package rate of $539 per completed health screening for the initial refugee health screening performed within 90 days of arrival.

Vaccines

- Vaccinations may be purchased in the first 90 days and utilized until the end of the vaccination series or within a year of the refugee’s first arrival date in the U.S.
- For refugees who receive their first visit after 90 days, until the end of their qualifying time (8 months for most refugee groups), vaccines may not be purchased ahead of time.

Language Barriers

- If the refugee does not speak English, all the services should be provided using qualified multilingual and multicultural medical interpreters.
- Since Nebraska does not license interpreters, the clinical site will make the judgment if an interpreter is qualified.

For refugees outside of the 90 days for the Nebraska initial health screening assessment but prior to the end of their qualifying time:

- Nebraska Medicaid is to be billed for all services covered by Medicaid.
- All other services will be reimbursed through RMA at current Nebraska Medicaid rates.
- A set rate for interpretation has been established since Nebraska Medicaid does not reimburse for interpretation services and will be paid through RMA.

Health screening services must be coordinated with reception and placement services provided by voluntary resettlement agencies (VOLAGs). VOLAGs are responsible for providing refugees with resettlement assistance upon their entry into the U.S. The assistance includes referral services, e.g., health, employment, and education. VOLAGs assist refugees in obtaining the initial health screening.

Providers involved in the initial screening of refugees should have an understanding of, and be sensitive to, the psychological trauma refugees may have experienced in the migration process. It is essential providers understand that refugees may have been subjected to multiple stressors before migrating, while in flight, and, in many cases, during a temporary resettlement period prior to their arrival in the U.S. Although these stressors may have a long-term negative impact on effective resettlement for some individuals, the treatment of mental health needs of refugees should not be the focus of the initial screening encounter. The initial screening process can, however, serve as an opportunity for providers to discuss with refugees the potential psychosocial difficulties they may experience during resettlement, and to refer refugees with identified mental health concerns to trained experts for evaluation and treatment.

PLEASE NOTE: Continuing long-term health care is not a part of the screening service.
Nebraska Refugee Health Process

1. Refugees enter the U.S. through the Quarantine Station/Centers for Disease Control (CDC) and Prevention.

2. CDC notifies the Nebraska Department of Health and Human Services through the Electronic Disease Notification (EDN).

3. The Nebraska Refugee Health Program and Nebraska Tuberculosis (TB) Program receives notification electronically.

4. The Nebraska Refugee Health Program reviews and sends out the refugee health record to the health care provider.

5. If the refugee is classified with a TB Class B condition, the local health department is notified. If the refugee is classified with a Class A HIV status, the HIV surveillance program manager is notified.

6. Nebraska Department of Health and Human Services notifies the clinic working with the refugee resettlement agency to where the refugee is assigned.

7. Primary health care providers or local county health department clinic perform initial Nebraska Initial Refugee Health Assessment.

8. The primary health care clinic or local county health department submits completed assessment and reporting forms to Nebraska Department of Health and Human Services.

9. Nebraska Department of Health and Human Services reviews data on forms for quality assurance.

10. Nebraska Department of Health and Human Services submits TB follow up information to CDC via EDN.

II. ELIGIBILITY OF REFUGEES FOR HEALTH SCREENING PROGRAM

The provider, in partnership with the referring VOLAG, will determine each individual's eligibility for services. To be eligible for a refugee health screening, proof is required in the form of documentation issued to an individual by the U.S. Citizenship and Immigration Services (USCIS). The documentation must establish one of the following statuses:

a) Paroled as a refugee or asylee under section 212 (d) (5) of the Immigration and Nationality Act (INA).

b) Admitted as a refugee under section 207 of the INA.

c) Granted political asylum under section 208 of the INA.
d) Granted parole status as a Cuban/Haitian Entrant, in accordance with the requirements in 45CFR Section 401.2.

e) Certain Amerasians from Vietnam.

Treatment Priorities

Priority is given to those persons with medical conditions identified during the overseas medical examination (Class A and B arrivals). These patients should receive health assessments as soon as possible, ideally within 30 days of entry. Providers should coordinate care of Class A and B conditions with local health departments.

The refugee health coordinator will notify the HIV Surveillance Program Manager or the TB Program Manager regarding refugees with incoming Class A or B conditions. All reportable disease found during the initial refugee health assessment must be reported to the local health authority per Nebraska state statute.

Reimbursement Time Frame

A. Providers will receive a package rate of $539 for refugees screened within 90 days of entry into the U.S.

1. The domestic health assessment should be initiated within 90 days of the refugee’s entry into the U.S. (An asylee’s entry date is the date the asylee is granted asylum in the U.S.)
2. Send the completed assessment (Attachment E) and billing form (Attachment A) to Nebraska DHHS on a monthly basis no later than 30 days following the month services were performed. Billing will occur monthly.
3. The $539 rate will be billed at 85% ($458.15) once the physical exam has been completed within 90 days. This fee is contingent upon refugees being seen for the exam within 90 days of arrival to the U.S. The screening exam must be complete.
4. To encourage the provider to follow through on immunizations, the remaining 15% ($80.85) will be billed at a time of up to 6 months when immunizations are completed.
5. If a patient is unable to be located, or reached to complete the series, please document this information in NESIIS. The options in NESIIS include “inactive,” “moved out of state,” and permanently inactive-deceased.” If none of these selections are noted, payment will not be made for the remaining 15% ($80.85).

B. Refugees screened greater than 90 days after entry into the U.S., but prior to their 8 months (6 months for Afghan refugees) will not be billed at a package rate. They will be billed in the following way:

1. Bill Medicaid for all Medicaid reimbursable services.
2. Submit a completed assessment form (Attachment E and billing form (Attachment B).
3. Bill RMA for all health screening services not reimbursed by Medicaid.

---

1 Once the Assessment form is on NESIIS, the provider will send a list of refugees served in place of the assessment form.
2 Same as footnote 1.
5. Bill adult vaccinations at the rate in Attachment B.
6. The civil surgeon may sign off on vaccines at the adjustment of status visit to be reimbursed at $25.
7. Totals for reimbursement may not exceed $539 for any one refugee.

***Providers may not bill both Medicaid and the Refugee Health Program for the same services.***

The completed billing form (Attachment B or C) and health assessment screening form (Attachment E) are to be addressed to:

Nebraska Department of Health and Human Services
Division of Public Health
Refugee Services Program-Attn: Refugee Medical Coordinator
301 Centennial Mall South
P. O. Box 95026
Lincoln, NE 68509-5026

III. RESPONSIBILITIES FOR REFUGEE HEALTH SCREENING PROVIDERS

Refugee Health Screening Program providers must:

1. Demonstrate clinical and staffing capacity as well as experience in providing health screenings, in accordance with established protocols.

2. Be a licensed health care provider, such as a physician, hospital, community health center, county health department or clinic. A nurse practitioner, physician assistant, public health or extended role nurse may conduct the exam, with maximal use of trained assistants. e.g., for blood pressure measurements, hearing or vision screening.

3. Coordinate health screening programs with reception and placement services provided by voluntary resettlement agencies (VOLAGs).

4. Comply with the Nebraska Refugee Health Assessment Guidelines.

5. Prescribe, refer, or supply appropriate medications for infectious diseases and other conditions identified during the health screening; provide immunizations indicated at the time of the health screening visit, per current recommendations of the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC); and provide or refer for continuation of the required immunization series (series to include DPT/Td, IPV, HBV, MMR, Varicella, Influenza, and Pneumococcal immunizations). Varicella will not be reimbursed for adult refugees at this time.
Infectious Diseases

Tuberculosis

- The Nebraska Refugee Program encourages clinics to utilize the Nebraska TB Program's Medication for Latent Tuberculosis Infection (LTBI). Isoniazid (INH) is available at no charge to patients.
- The provider must complete two forms, "LTBI Case Management Form" and the "LTBI Checklist."
- See http://www.dhhs.ne.gov/puh/cod/Tuberculosis/forms.htm for the forms that need to be sent in.
- The medication is sent to providers to distribute. Any clinic in Nebraska may utilize the program. INH is sent to the provider to distribute to patients.
- Please see specific details at http://www.dhhs.ne.gov/puh/cod/Tuberculosis/Medication-Policy.doc.
- Please contact the Nebraska TB Program Manager, for questions. The phone is (402) 471-1372.

Sexually Transmitted Diseases

- Sexually transmitted disease (STD) testing will be provided by the Nebraska Infertility Prevention Project (IPP).
- Contact the coordinator of the IPP Program with questions.
- Urine STD testing is available through the IPP/Semi-STD project.
- Treatment (Azithromycin for Chlamydia and Ceftriaxone for Gonorrhea) is available at no charge.
- For clinics that are not enrolled, please contact the coordinator to set up an appointment. Lab specimens will be picked up by Nebraska Public Health Lab and there is an electronic form to complete for lab management.

6. Use qualified medical interpreters to assist with client interviews, health education and orientation to the U.S. health care system, and to facilitate the referral process. Please note Nebraska does not license medical interpreters, it will be up to the clinic to decide if an interpreter is qualified.

7. Maintain linkages to appropriate primary care providers or specialists for necessary follow-up services not available on site, including public health and inpatient facilities, psychological counselors, drug and alcohol treatment services and other community providers. Please see Attachment D for the release of information that must be completed for each refugee who needs referrals.

8. Assure continuity of care, and referrals (referral means setting up a specified appointment with a designated provider) are timely, and when possible, in proximity to the refugee's residence.

- Refugees should be referred to participating Medicaid specialty and primary health care services for treatment and follow-up of acute and chronic conditions identified during the overseas and domestic health screening.
- When refugees are referred for specialty or primary care, the referring health care providers must be informed of the results of the initial health screening (See Attachment E). It will be up to the provider to utilize their own release of information form to transfer health records between other health care providers.
Follow-up care may be provided by the provider performing the initial health screening but must be billed to Medicaid.

9. Refugees will be encouraged to complete their vaccinations at the site where the initial health exam occurred.

10. If the refugee is between 90 days of arrival and 8 months for all refugees (including Iraqis) or 6 months for Afghan refugees, vaccines may be started at the clinical site. Once the refugee is at the end of their qualifying period of 6 or 8 months, the refugee vaccination cannot bill RMA (this is for refugees who initially seek care initially after 90 days.)

11. The clinic will have a civil surgeon on staff to sign USCIS Form I-693 for verification of vaccinations (for adjustment of status at 1 year). This is included in the package rate. Health departments may utilize a blanket waiver as long as the physician on staff meets the civil surgeon requirements. For refugees who arrived in the U.S. without a Class A condition, only immunizations* need to be reviewed and updated. This service is included as part of the refugee health assessment screening.

- The USCIS Form I-693 (updated as of May 1, 2008) is used to record immunizations and must be signed by the civil surgeon or by a physician affiliated with the local public health agency (blanket waiver) completing the review. The following sections of USCIS Form I-693 need to be completed:
  a. Part 1: Information about you
  b. Part 2: Section 5. Vaccinations
  c. Part 5: Civil surgeon's certification
  OR
  d. Part 6: Health department's identifying information

- For refugees who arrived in the U.S. with a Class A condition, the entire medical exam is required, including any necessary vaccinations. This is not covered within the refugee health assessment screening, thus the contractor is not responsible for completing the required medical exam section of USCIS form 693.

- Refugees must meet vaccination requirements according to age-appropriate recommendations by the Advisory Committee for Immunization Practices (ACIP). Because completion of a vaccine series often requires several months, applicants are required to complete at least one dose of each vaccine by the time of assessment for the I-693, and are encouraged to follow up with a primary health care provider to complete the series.

Question and Answers about Civil Surgeons
12. Maintain patient records in accordance with 45 CFR 400.28.

13. Participate in refugee health meetings and site visits conducted by Nebraska DHHS Refugee Services Program staff.

- During the site visits providers must assure prompt access to all program sites and all records and reports relating to the program. To do so, the health care provider must provide a disclosure form to its patients to have Nebraska DHHS staff access their records for its monitoring purpose.
- Records are the property of the provider agency. However, information pertaining to Refugee Health Screening Program surveillance requirements must be accessible to Nebraska DHHS.
- Please submit the quarterly Quality Assurance form (Attachment C) once a quarter (due March 30, June 30th, September 30th, and December 31st). Please send via mail, fax, or secure email.

14. Maintain adequate staffing and systems for fiscal accounting and program billing.

IV. RESPONSIBILITY OF THE STATE -- Nebraska DHHS Refugee Health Program

The Nebraska DHHS Refugee Health Program will support the efforts of the designated health screening providers by furnishing technical assistance to enhance the effectiveness of the Program including, but not be limited to, the following:

1. Provide direction, training, health screening forms and other materials as needed to health screening providers regarding the Refugee Health Screening Program.

2. Oversee the health screening provider's performance and conduct on-site visits to the contracted sites to ensure compliance with the terms of the agreement. The Program will also provide telephone and/or on-site technical assistance to providers as required.

3. Provide pertinent information, such as trends in morbidity that may be specific to ethnicity or country of origin, to be shared with health screening providers and, as applicable, VOLAGs and other governmental and non-governmental groups.

4. Use surveillance findings as the basis for recommendations for revisions to the health screening, payments and instructions (Attachment A and C).

5. Assist in the establishment of linkages between VOLAGs and refugee health screening providers to ensure new arrivals' access to medical care.

6. Pay the health screening providers a package rate of $539 for a completed health assessment screening when completed within the 90 days of arrival. For the health screening completed outside of first 90 days of arrival, Medicaid will be the first payer, Nebraska DHHS will pay for non covered Medicaid services that are required as part of Attachment A. Nebraska DHHS RMA will reimburse for service at current Medicaid rates for services (Attachment B) and vaccinations per Attachment B set by DHHS Refugee Health Program.

7. Notify the health screening providers immediately when a problem arises regarding the performance of duties as specified in the agreement.
V. NEBRASKA REFUGEE HEALTH ASSESSMENT GUIDELINES AND INSTRUCTIONS

The patient must be a valid class of refugee (holding I-94, letter of asylum, certification as trafficking victim, etc). Complete payment for health screens will be paid only if the screen is initiated within ninety (90) days of the refugee’s arrival into the United States (45 CFR 400.107).

All individuals who receive health screening after 90 days of their arrival must bill through Nebraska Medicaid first. Initial refugee health screening components (Attachment B) not covered by Nebraska Medicaid will be covered by RMA funds when the initial health screening is over 90 days but less than 8 months from the refugee’s initial arrival day (6 months for Afghan refugees)—see Attachment B. Please note the reimbursement for refugees arrived after 90 days- 8 months (6 months for Afghan refugees) may not exceed $539. If appropriate adult vaccinations are unable to be given due to cost, please refer the refugee to the local county health department vaccine program.

Overseas Medical Document Review

The purpose of this section is to review the findings from:
- the overseas visa medical examination form as reported on the DS-2053 (OF-157)
- the overseas Medical Examination of Applicants for U.S. Visas
- other related documents and follow up on identified conditions.

If available, review:
- The overseas medical exam DS – 2053 (OF-157), IOM bag. (The International Organization for Migration [IOM] manages health issues associated with processing of migrants in sending, transit, and receiving countries. IOM’s health services work include medical screening for travel and resettlement.)
- documentation of Class A or B conditions
- any other overseas medical documents

Confirm or reject overseas diagnoses. If further evaluation is needed to confirm any diagnosis, refer the refugee for evaluation as appropriate.

What if overseas records are not available?

Missing overseas records may be due to one of the following situations:
- **Records are available but the refugee forgot to bring them.** In this situation, ask the refugee if he/she can bring the records to the next visit. Make it very clear to the refugee that it is very important for the purpose of the health assessment to review these records. In this case, proceed with the health screening assessment. Providers may want to defer immunizations to the next visit.
- **Only some records are available.** Proceed with the health screening assessment.
- **No records are available.** On occasion, the refugee misplaces their medical. Call the Nebraska Refugee Health Program at 402-471-1372 with the A# and request to have the record looked up electronically.
Instructions For the Refugee Health Assessment Screening Form
Print/Type all information clearly.

SECTION I: Refugee Personal and Demographic Information (Nebraska Refugee Health Assessment Screening Form, Attachment E, page 1-2)

The purpose of this section is to ensure that demographic data and health assessment data is collected, recorded and tracked for further evaluation and for program monitoring purposes.

Name: Family name first, followed by given name and middle name. (REQUIRED)

Date of Birth: Include month, day, and year. (REQUIRED)

Arrival Status: Mark if patient is refugee, asylee, victim or trafficking. (REQUIRED)

Note: Asylees' status is not always indicated on their I-94 form; instead their I-94 status is noted on a letter from USCIS indicating their asylum granted status and the date the asylum granted. A copy of any verification documents must be retained in the refugee's file.

Alien number: The "A" number is usually located at the back of the USCIS form I-94 departure. (REQUIRED)

Arrival in U.S. OR Status Granted Date: Month/Day/Year. The date of arrival is located on the front page of the I-94 under the refugee status stamp. The date may be stamped, typed written or hand-written. (REQUIRED)

Secondary Migrant: Please mark if refugee initially was resettled outside of Nebraska and has since relocated to Nebraska. (REQUIRED)

Social Security: Please document first three digits of the refugee's social security number (REQUIRED)

TB Class A or B: Please note if a refugee is Class A (HIV, mental illness) or has a Class TB status. (REQUIRED if Class A or Class B)

Site: Please mark which site the initial refugee health screening took place. (REQUIRED)

Oversees Medical Document Review: Please note if the overseas medical document was available for review. (REQUIRED)

Allergies: Please note any allergies the patient has. If none, please mark no known medical allergies. (REQUIRED)

Interpreter Used: Please mark if an interpreter was used for any part of the refugee initial health screening.

Language Spoken: Record the language that the refugee identifies as their native language(s).

Blood Pressure: Perform blood pressure on all refugees. (REQUIRED)

Height: Record height or length in inches for all refugees. (REQUIRED)

Weight: Record in pounds. (REQUIRED)
Nutritional evaluation of all refugee children 18 and under upon arrival with Body Mass Index. (REQUIRED IF UNDER AGE 18)

Temperature: Record in Celsius.

Head Circumference: For all children 2 years of age and under (REQUIRED IF UNDER 2 YEARS OF AGE)

Visual Acuity: Record in the format of 20/20. Use Snellen Eye Chart. Mark referral if patient wears glasses or has poor vision.

Hearing-Whisper Test: Whisper in the patient’s ear. If patient has difficulty with hearing or wears hearing aids please mark within normal limits or referral.

Screening Tests

TB Skin Test: Tuberculosis (TB)
- Perform a tuberculin skin test (TST) for all individuals regardless of BCG history, unless documented previous test. Pregnancy is not a medical contraindication for TST testing or for treatment of active or latent TB. TST administered prior to 6 months of age may yield false negative results.
- A chest x-ray should be performed for all individuals with a positive TST result
- A chest x-ray should also be performed regardless of TST results for:
  1. Those with a TB Class A or B designation from overseas exam, and/or
  2. Those with symptoms compatible with TB disease.
- Quantiferon is not part of the Nebraska Refugee Health Screening, but is noted on the screening form in case it is done (Medicaid does reimburse in certain instances).
- Complete the Treatment start date if Isoniazid is stated. (Required)

The "TB Follow-Up Worksheet" will be completed and returned to the local health department TB nurse when the initial health assessment is completed for all Class B TB arrivals. This worksheet data is submitted to CDC. It is both important and required to complete the form.

For Omaha, please return to:
Douglas County Health Department:
Phone: 402-444-4049
Fax: 402-444-3287

For Lincoln, please return to:
Lincoln Lancaster County Health Department
Phone: 402-441-6214
Fax: 402-441-6205

STDs: Sexually Transmitted Diseases:
- Screen for syphilis for ages 12 and above using RPR. (REQUIRED)
- If you suspect syphilis in a patient younger than 12, providers may run a RPR based upon their health history, risk factors or abnormal exam.
- If the RPR is positive, please refer to Douglas County STD Clinic or Lincoln/Lancaster County STD Clinic for evaluation and treatment.
- Please use Nebraska Infertility Prevention Project Semi-STD testing account for Chlamydia and Gonorrhea urine testing. Please contact the Nebraska Infertility Prevention Project Coordinator, (402-471-3724) for questions on IPP on how to set up an account.
• HIV/AIDS: Human Immunodeficiency Virus/Acquired Immunodeficiency Syndrome
• Test all patients ages 13 to 64 years of age. (REQUIRED)
• Test other patients that fall outside of this range based upon history, risk factors, or abnormal exam.

Pregnancy:
• Complete a urine pregnancy test for all females of childbearing age. (REQUIRED)

Hepatitis Screening: A, B, and C
• Determine Hepatitis A, B and C infection status for all refugees—adults and children—with the following five serologic tests:
  1. Hepatitis A IgM antibodies
  2. HBsAg (hepatitis B surface antigen)
  3. HBsHBcAb-IgM (Hepatitis B IgM core antibody)
  4. HBsAb (Hepatitis B surface antibody)
  5. and (HC Ab) Hepatitis C Antibodies. Please do all screening tests for all refugees (children and adults) (REQUIRED)

Intestinal Parasite Screening:
• Do screening based upon CDC recommendations.
• Instruct all refugees to submit two stool specimens obtained more than 24 hours apart.
• Provide detailed instruction about specimen collection and give kits to patients.
• Draw a CBC with differential to evaluate for eosinophilia. The existence of a tissue invasive parasite must be considered in patients with eosinophilia. (REQUIRED)

The most commonly found pathogenic parasites are Trichuris (whipworm), Giardia, Entamoeba histolytica, Schistosoma, hookworm, and Ascaris. Parasites may obstruct the intestine, bile ducts, lymph channels, and capillaries of the brain and other organs, with serious medical consequences.

Lice and scabies mites are two common arthropod parasites often found in refugee populations.

CBC with Differential: Complete Blood Count
• Evaluate for eosinophilia by obtaining a CBC with differential.
• Please note hemoglobin and hematocrit.
• Screen all refugees. (REQUIRED)

Malaria:
• Clinicians should have a high index of suspicion for malaria, particularly for refugees from tropical and subtropical areas who have fever of unknown origin or other characteristic symptoms.
• Sub-Saharan Africans frequently originate in highly endemic areas where asymptomatic infection is common and should undergo either presumptive treatment on arrival (preferred) if there is no documentation of pre-departure therapy, or have laboratory screening.
• For all other refugees, asymptomatic infection is rare and testing should be performed only in individuals with signs or symptoms suggestive of disease.
• If malaria is suspected, a smear of peripheral blood should be examined for parasites. Accurate diagnosis depends on the quality of the blood film and the technique of laboratory personnel. When PCR is available it is the preferred method of diagnosis in asymptomatic refugees.
• Because treatment varies by species of Plasmodium, diagnosis should be confirmed by experienced personnel.
• A single blood film examination may be falsely negative for malaria parasites. Repeated
blood films over 48 hours (e.g., every 12 hours x 3) may be required to exclude the
possibility of malaria.
• To confirm diagnosis of questionable cases or to obtain appropriate treatment
recommendations, contact the Nebraska Department of Health and Human Services.

**Extended Lab Services**

**Lead Screening:**
• Refugee children age 6 months-16 years should have a venous blood lead screening
level. (REQUIRED)
• No repeat levels will be covered under Refugee Medical Assistance Program.
• Please note specific level.

**Urinalysis: Dipstick**
• Ages 4 and up.
• Perform if patient is old enough to void a urine specimen.
• Do not perform if patient is unable to provide a clean catch sample.
• Please mark if the sample is within normal limits, has blood, protein, glucose, ketones or
leukocytes. (REQUIRED FOR PATIENTS WHO CAN VOID A CLEAN CATCH URINE SPECIMEN)

**Complete Metabolic Profile:** (CMP)
• Screen based upon signs, symptoms or comorbidities based upon the provider’s
discretion.

**Lipid Panel:** Suggested recommendations (includes total cholesterol, lipoprotein, direct
measurement, high density cholesterol and triglycerides)
• Screen men age 35 and older and women age 45 years and older.
• Screen men ages 20 to 35 years and women 20 to 45 years of age if they have
increased risk for coronary heart disease (diabetes, tobacco use, hypertension, family
history of cardiovascular disease in male relative or age 60 in female relatives).
• Providers may screen upon their discretion.

**Occult Blood Stool:**
• All refugees age 50 and older may be offered this screening test at the provider’s
discretion.

**Sickle Cell Disease:**
• Screen with the lab test hemoglobin electrophoresis.
• Screen patients that are from certain parts of Africa (west and central), India, Middle
East, and the Mediterranean Basin.
• Providers may screen upon their discretion.

**Referrals:**
• Please note any referrals made.
SECTION II: Core Health Screening (Nebraska Refugee Health Assessment Screening Form page 3-4)

NOTE: Be sure to fill out the last, first, middle name and alien number at the top of the page. This is especially useful when/if forms need to be faxed.

The purpose of this required section is to perform a complete, detailed history and physical examination for all refugees to ensure diagnosis and treatment of conditions not previously detected as well as to identify conditions with a potential to adversely impact effective resettlement of a refugee. While the Refugee Health Program is a screening program, clinicians should be cognizant that their assessment may be the first full medical evaluation the refugee patient has had. Therefore, providers are asked to perform a general history and physical exam. This may include migration history and history of trauma.

Providers should also recognize that the refugee health screening encounter may be a new cultural experience for many refugees and will provide a profound first impression about healthcare in U.S. Therefore, sensitivity toward the refugee's gender, culture, and other issues is very important.

MEDICAL HISTORY (Attachment E-page 3) (REQUIRED)

Mark "0" if within normal limits. Mark with a check "✓" mark if abnormal or if problems are present. Comments may be noted at the bottom of page 3 and top of page 4).

PHYSICAL EXAM (Attachment E – page 3) (REQUIRED)

Summarize and record data on significant past or current medical conditions or disabilities as well as preventive care such as immunizations and dental work. Document any relevant family history as completely as possible. A copy of the refugee health assessment must remain in the refugee's medical record at the clinical site.

Mark "0" if within normal limits, Mark with a check "✓" mark if abnormal or if problems are present.

Female and male reproductive health exams will not be covered under RMA. Please contact Every Woman Matters Program at (402) 471-0929 for more information on well woman exams.

Other

Dental Exam:
- Please look inside patient's mouth and note any dental complaints. Please mark appropriate box. The teeth diagram is optional for the provider to mark for any problem areas. (REQUIRED
IMMUNIZATION STATUS (REQUIRED)

NESIIS: Nebraska State Information Immunization Information System

The purpose of this required section is to ensure that every child and adult refugee is appropriately immunized against vaccine-preventable diseases. It is preferred that refugees start immunizations within 90 days of their arrival to U.S. At a minimum, providers are required to initiate appropriate vaccination, refer refugees to primary care, and educate refugee about USCIS and school requirements, and follow-up timing.

Required Steps for Immunizations

Providers must do the following:

- Evaluate immunization history and review all available related overseas documentations
- Document immunity based on exam, history or serologic testing (Per Nebraska Refugee Health Assessment Guidelines)
- Use the Nebraska State Information Immunization Information System (NESIIS) to document immunizations for all refugees.
- Initiate all necessary age-appropriate vaccines per the Advisory Committee on Immunization Practices (ACIP) adult and children vaccine schedules. Varicella will not be covered for refugee adults.
- Give all refugees a childhood and/or adult vaccination booklet, with completed documentation of past and the Refugee Health Screening vaccinations.
- Instruct refugees to bring the documentation to all medical visits including the Civil Surgeon evaluation required for change of status applications.
- Utilize the “Vaccines for Children” program for children 18 and under for all vaccinations.
- The clinic will document in NESIIS if the refugee is unable to complete the series.

For adult refugees that are seen between 90 days of arrival -8 months (6 months for Afghan refugees), vaccines will be covered until the end of their qualifying period (8 months or 6 months for Afghan refugees), not to exceed $539 which includes their health exam. Vaccines will be billed per Attachment B. The administration fee has been included in each vaccination.

The refugee is not expected to provide a donation or administrative fee that sometimes is suggested for the Vaccines for Children Program. Administrative fees have been accounted for.

REFERRALS

The purpose of this section is to facilitate linkages to appropriate specialty and primary care providers for necessary follow-up services not available on site, including public health and inpatient facilities, psychosocial counselors, drug and alcohol treatment services and other community providers. Please check all referrals made.

Required Referrals to Primary Care

To ensure continuity of health care, all refugees must be referred to a primary care provider. Providers must refer refugees to a primary care provider either at the provider’s site or elsewhere.

Most refugees lack transportation, therefore, it is advisable that appointments be made in proximity to the refugee’s residence.
The name of the primary care provider (and/or clinic site), address, phone number and fax number of the provider; and appointment date, and the time must be noted on the health screening form.

Other Referrals

Providers should also make referrals as appropriate, for other medical, dental and support services.

Authorization For The Release And Use Of Information

The purpose of this section is to facilitate HIPAA compliance. This enables providers to allow Nebraska DHHS staff access to all refugee records, assuring prompt access to all program sites and reports relating to the Refugee Health Screening program.

Providers must provide an authorization for the release and use of protected health information form (PHI) to refugees for their signature and dating, which authorizes Nebraska DHHS staff access to their records for invoicing and monitoring purposes. Records are the property of the provider agency. However, information pertaining to Refugee Medical Screening Program invoices, reports and surveillance requirements must be accessible to Nebraska DHHS.

NOTE: Health providers or their affiliates may not sign the witness section. This section must be signed by a third party (non affiliate of the health provider), e.g., resettlement agency representative, another patient or refugee, or a relative of a refugee.
Attachment 2-A

Nebraska Refugee Health Screening Billing Form
(For arrivals within first 90 days)

Name __________________________  Date of Birth __________________

Date initial health screen started ___________  Date completed ___________

Clinical Site  (circle one)
  Creighton Florence Clinic
  Lincoln-Lancaster County Health Department

***Providers may not bill both Medicaid and the Refugee Health Screening Program for the same services.***

☐ Health Screening completed ___________  (date)

☐ Immunizations initiated ___________  (date)

☐ Immunizations completed ___________  (date)

If these two boxes are checked - bill $458

If this box is checked within time limits - bill remainder of $81
