

**What are the Employment First requirements for a needy caretaker relative?**

If the needy caretaker relative is included in the ADC cash assistance case, unless exempt, they are a mandatory participant in Employment First, see 468 NAC 2-020.01. See 468 NAC 2-006.04 for requirements of a needy caretaker relative.

If the caretaker fails to participate in Employment First, the sanction results in loss of ADC cash assistance and medical assistance for the caretaker only. Any children in the assistance unit will continue to be eligible.
