

Are the new categories of work eligibles subject to the 60- month time limit?

For purposes of the Federal time limit, these cases continue to be considered 'child only' cases so they are not subject to the Federal 60-month lifetime limit. They are subject to the state 60-month lifetime limit effective 10/01/07.

For new applicants it will be the same as for all families subject to EF, the 60-month lifetime limit begins with the first month of eligibility for and receipt of an ADC cash payment.

Our current policies regarding noncooperation or nonparticipation with EF will apply. Follow the same non-coop (without contract) and sanction (with contract) steps as you now follow with other cases.
