Nebraska Department of Health and Human Services  
Attn: Technical Review Committee- Athletic Trainers  
PO Box 95026  
Lincoln, NE 68509-5026

Dear Technical Review Committee Members,

Please accept this letter and included document to serve as the Nebraska State Athletic Trainers' Association's (NSATA) amended proposal to the Credentialing Review Application originally submitted on April 30, 2020. The amendments are to replace the response to question three on pages 8-11. The NSATA has had numerous meetings over the past month with groups, including the Nebraska Medical Association (NMA), the Nebraska Chiropractic Physicians Association (NCPA), the Nebraska Chapter of the American Physical Therapy Association (APTA-NE), and the Nebraska Occupational Therapy Association (NOTA). The NSATA offered amended language to begin discussions with these groups and the proposed amendments as submitted are the product of those meetings. The NSATA feels the Technical Committee will see substantial progress was made towards resolving areas of opposition. The NSATA appreciates the willingness of these groups to take the time to meet and collaborate.

The NSATA looks forward to discussion of the amended proposal next week and answering any questions the Technical Committee members may have. Thank you for taking the time to review the amended proposal.

Sincerely,

A handwritten signature in black ink that reads "Michael E. Roberts, ATC".

Michael E Roberts, ATC  
407 Workgroup Chair  
Nebraska State Athletic Trainers' Association
