407 Review Committee:

The Nebraska Nurses Association remains strongly opposed to the expansion of Community Paramedicine practice if implementation does not require communication and direct collaboration with the current network of home health services and providers.

We stand behind our previously presented concerns and opposition testimony but are open and willing to begin collaborative discussion with the proponents to draft formal legislative language that will further safeguard Nebraska citizens.

Sincerely,

A handwritten signature in blue ink that reads "Douglas Haas". The signature is fluid and cursive, with a long horizontal stroke at the end.
