

Dear Applicant:

Thank you for your interest in becoming licensed to practice your profession in the State of Nebraska. Prior to submitting your application for a credential, it is important that you be aware of certain aspects of the application process.

The application form includes a series of questions about an applicant's history regarding licensure, physical and mental health, criminal conduct, and for some professions, malpractice. I encourage you to read these questions carefully. It is expected that applicants answer these questions completely and truthfully. If others are assisting you in the completion of your application, make sure to review the information completely before signing the application. An adverse event in your past is not an automatic disqualification from being issued a credential. The Board will review all of the information surrounding the event in making a determination of your fitness to practice your profession.

It is important that you fully disclose all arrests, charges or convictions. Questions on the application ask about charges or complaints filed against you by any licensing or disciplinary authority and also about charges or complaints filed against you by any criminal prosecution authority. Even if the charges were dropped, dismissed, pled down or settled through diversion or if the sentencing was deferred or the conviction was expunged, set aside or pardoned, you must provide this information on the application. Failure to fully disclose could be considered as misrepresentation on your application which is grounds to deny your application for a credential.

Applicants are asked whether you have ever been convicted of a misdemeanor or felony. Some offenses that most people would consider as minor violations are actually misdemeanors, so it is important that you thoroughly review your history in order to provide accurate information regarding convictions. You may want to contact the court or seek the advice of an attorney to determine whether an event in your past resulted in a misdemeanor or felony conviction.

Applicants should also be aware that it is the policy of the Licensure Unit that applications may not be withdrawn to avoid or circumvent a denial decision or to circumvent public records and reporting requirements. Understand prior to submitting your application that you may not be allowed to withdraw. Applicants who do not meet the requirements for a credential will be denied.

Thank you for taking the time to read this letter. I hope my comments are helpful to you. If you have further questions regarding the application process, please contact our office at DHHS.MedicalOffice@nebraska.gov or (402) 471-2118.

Sincerely,

A handwritten signature in cursive script that reads "Becky Wisell".
