

INFORMATION MEMORANDUM

SUA-16-IM-03

December 28, 2015

TO: Area Agency on Aging Directors

FROM: Cynthia Brammeier, Administrator, State Unit on Aging

BY: Amy Hochstetler, IT Business Analyst

SUBJECT: Senior Centers & Webinars

CONTENT: Senior Centers can host group presentations and seminars via web conferencing (also known as video conferencing or webinar). Skype is an example of a web conferencing service; this specific service does not need to be used. The presenter does not need to be on site to deliver a presentation or group seminar. The webinar must meet program requirements. Socialization at the senior center is of higher importance than having a presenter on site.

If an evidenced base program allows for a webinar within the fidelity of the model, web/video conferencing can be used.

If you have questions, please feel free to contact Amy Hochstetler at 402-471-4781, or me at 402-471-9155; we can both be reached through dhhs.aging@nebraska.gov.
