

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Nebraska

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

DENTURES

For dates of service on or after August 1, 1989, NMAP pays for dentures at the lower of:

1. The provider's submitted charge; or
2. The allowable amount for that procedure code in the Nebraska Medicaid Practitioner Fee Schedule in effect for that date of service. The allowable amount is indicated in the fee schedule as:
 - a. The unit value multiplied by the conversion factor;
 - b. The invoice cost (indicated as "IC" in the fee schedule);
 - c. The maximum allowable dollar amount; or
 - d. The reasonable charge for the procedure as determined by the Medicaid Division (indicated as "BR" - by report or "RNE" - rate not established - in the fee schedule).

The Nebraska Medicaid Practitioner Fee Schedule is effective July 1 through June 30 of each year.

Revisions of the Fee Schedule: The Department reserves the right to adjust the fee schedule to:

1. Comply with changes in state or federal requirements;
2. Comply with changes in nationally-recognized coding systems, such as HCPCS and CPT;
3. Establish an initial allowable amount for a new procedure based on information that was not available when the fee schedule was established for the current year; and
4. Adjust the allowable amount when the Medicaid Division determines that the current allowable amount is:
 - a. Not appropriate for the service provided; or
 - b. Based on errors in data or calculation.

The Department may issue revisions of the Nebraska Medicaid Practitioner Fee Schedule during the year that it is effective. Providers will be notified of the revisions and their effective dates.
