Re: Medicaid Provider Specialty Change for ICF/DD

**Please Share This Information with Administrative and Office Staff**

Effective immediately there is a change in the provider specialty number reported on the Medicaid Service Provider Agreement for ICF/DD providers for Nebraska Medicaid Provider Enrollment. The specialty has changed to '88' for Intermediate Care Facilities/Developmental Disabilities. The provider type remains "11" for ICF/DD providers.

All Nebraska Medicaid ICF/DD providers will need to note this change for any future submissions of the Nebraska Medicaid and Long-Term Care Service Provider Agreement (MC-19), section 8A.

If you have any questions or concerns, please contact Sue Clark at 402-471-9226 or [DHHS.MedicaidICFMLTS@nebraska.gov](mailto:DHHS.MedicaidICFMLTS@nebraska.gov)
