

PROVIDER BULLETIN

NO. 08 - 09

Date: March 17, 2008

TO: Districts Participating in the NE Medicaid In Public Schools (MIPS) Program

FROM: Vivianne M. Chaumont, Director 
Division of Medicaid & Long-Term Care

BY: Jon Sterns, Coordinator
School-Based Medicaid Programs

RE: Claims Must Include Only Services Actually Provided

Recent findings necessitate the need to emphasize the following procedure:

Federal and Nebraska Medicaid requirements prohibit the submission of claims for payment when the service claimed is not actually provided. Inclusion of a service in the child/student's Individual Education Program or Individualized Family Service Plan (IFSP) does not mean that a service can be claimed unless actually provided. No payment shall be claimed where the student is absent or unavailable.

If you have questions about this Provider Bulletin, please contact Jon Sterns at 402/ 471-9126.
