RE: National Drug Code Billing Requirements for Outpatient Hospital
Settings

**PLEASE SHARE THIS INFORMATION WITH ADMINISTRATIVE, CLINICAL
AND BILLING STAFF.**

Reporting of National Drug Codes (NDCs) is a requirement for all single source and multi-source drugs administered in the outpatient hospital setting. The only exceptions to this requirement are vaccines, radio-pharmaceuticals, and anti-hemophilic drugs.

If you have questions regarding the reporting requirements for NDCs please contact Margaret Booth at 402-471-9380 or at margaret.booth@dhhs.ne.gov
