RE: The Physical Health Managed Care Program Update

The Nebraska Department of Health and Human Services (DHHS) has rejected all bids to award contracts to implement changes to the administration of the Nebraska Medicaid Managed Care Program for Physical Health. The Primary Care Plus and Share Advantage plans will continue to manage physical health services to clients in Douglas, Lancaster, and Sarpy counties through August 31, 2009.

The expansion of physical health managed care will not be implemented September 1, 2009. Clients residing in Cass, Dodge, Gage, Otoe, Sarpy, Saunders, Seward and Washington counties will remain fee for service at this time.

Providers will receive additional information regarding the expansion of and enrolling in managed care plans as it becomes available.

Further information on the Nebraska Medicaid Managed Care Program will be posted as new information becomes available and can be viewed at the Nebraska Medicaid's website at: <http://www.dhhs.ne.gov/med/provhome.htm>
