RE: Physical Health Managed Care Update

This bulletin is intended to update information provided in bulletins 09-21 and 09-24. The Nebraska Department of Health and Human Services (DHHS) will not be changing the administration of the Medicaid Managed Care Program. The Primary Care Plus and Share Advantage plans will continue to manage physical health services to clients in Douglas, Lancaster, and Sarpy counties. Clients who are currently enrolled in either Primary Care Plus or Share Advantage will continue with their current coverage.

The expansion of physical health managed care will be implemented November 1, 2009. Clients mandatory for physical health managed care residing in Cass, Dodge, Gage, Otoe, Saunders, Seward and Washington counties will be enrolled in the Primary Care Plus plan and will choose a Primary Care Physician.

Further information on the Nebraska Medicaid Managed Care Program will be posted as new information becomes available and can be viewed at the Nebraska Medicaid's website at: <http://www.dhhs.ne.gov/med/provhome.htm>
