RE: **Medicaid Payment of Medicare Part A Nursing Facility Crossover**

Effective July 1, 2010, Nebraska Medicaid will change the methodology for payment of Medicare Part A crossover claims for nursing facility services. The revised method will be the following:

- If the Medicare payment amount for a claim exceeds or equals the Medicaid rate or payment for that claim, Medicaid reimbursement will be zero.
- If the Medicaid rates and payments for a claim exceeds the Medicare payment amount for that claim, Medicaid reimbursement is the lesser of:
 1. The difference between the Medicaid rates and payments minus the Medicare payment amount; or
 2. The Medicare coinsurance and deductible, if any, for the claim.
