RE: Laboratory Fee Schedules

Please share this information with your clinical and clerical staff.

Nebraska Medicaid reimbursement for clinical diagnostic laboratory services is based on the Medicare national fee schedule for clinical laboratory services as established by the Centers for Medicare and Medicaid Services (CMS). The annual CMS updates are released each December and become effective on January 1 of the following year. Beginning January 1, 2011, the Nebraska fee schedule will reflect the CMS updates. This fee schedule will be titled "Clinical Diagnostic Laboratory Fee Schedule."

The anatomical laboratory procedure codes will remain a part of the Physician Services Fee Schedule released July 1 of each year.
