RE: 2012 Aged & Disabled Medicaid Waiver Assisted Living Rates

Attached please find the 2012 Medicaid rate schedule that will be effective January 1, 2012 for the Aged & Disabled Medicaid Waiver assisted living service. As a result of legislative direction, both rural and urban provider rates are decreasing, along with the rates paid to providers participating in the Nursing Facility Conversion Program. The Medicaid portion of the Waiver assisted living rates will decrease by 2.5%. Refer to the enclosed Rate Chart for additional details.

The Room and Board rate for individuals qualified under the Aged & Disabled Medicaid Waiver increases to \$638 per month due to the 3.6% Social Security cost of living increase (COLA) for 2012. The Personal Needs Allowance remains at \$60 per month unless the resident is notified differently by ACCESSNebraska.

Questions on the new rate schedule may be directed to Jackie Rapier, Program Specialist, at (402) 471-1678 or send e-mail with questions to jackie.rapier@nebraska.gov

Medicaid Provider Bulletins, such as this one, are posted on the DHHS website at <http://www.dhhs.ne.gov/med/pb/>. The "Recent Web Updates" page will help you monitor changes to the Medicaid pages.

The facility must notify the Services Coordinator by the next working day of a medical absence in which a client is admitted to a hospital or nursing facility. This notice is required in order for the Services Coordinator and Central Office to determine continued appropriateness of the assisted living authorization. Failure to report medical absences to the Services Coordinator may result in the facility being required to reimburse the Department for days the client was out of the facility for medical reasons.
