RE: January 1 through December 31, 2015 Base Rates for Levels 101 through 105

Please share the information on the attached schedule with your billing staff.

Based on increases to Assisted Living rates, base rates (before the Quality Assessment Component) of Levels 101, 102, 103, 104 and 105 for nursing facility providers will also increase. The schedule below shows new base rates effective January 1, 2015. Please note Levels 101 through 105 for Nursing Facilities follow Assisted Living **rural/urban** designations.

- Facilities located in Cass, Dakota, Dixon, Douglas, Lancaster, Sarpy, Saunders, Seward and Washington counties follow **urban** base rates for Levels 101 through 105.
- Facilities in all other counties follow **rural** base rates for Levels 101 through 105.

Level 101, 102, 103, 104 and 105 Nursing Facility Base Rates (base rates **do not** include the Quality Assessment Component):

| <u>Rural</u> | <u>Urban</u> |
|--------------|--------------|
| \$75.52 | \$85.08 |

Each facility's individual Quality Assessment Component must be added to the applicable rural/urban base rate in order to compute the full Nursing Facility rate.

See the attached schedule for individual nursing facility and hospice rates that include the Quality Assessment Component.
