

PROVIDER BULLETIN NO. 15-14

DATE: April 7, 2015

TO: Nebraska Medicaid Nursing Facility Providers

FROM: Calder A. Lynch, Director 
Division of Medicaid & Long-Term Care

BY: Danny Vanourney, Program Specialist
Division of Medicaid & Long-Term Care

RE: Nebraska Casemix Internet System (NCIS)

Please Share This Information with Administrative and Office Staff

Nursing facility providers now have direct online access to monthly Care Level and annual Weighted Days Reports through the Nebraska Casemix Internet System (NCIS) website. NCIS is a website for nursing facility providers that was developed by Nebraska Medicaid to provide direct access to reporting and other functions. The monthly Care Level Report is available no later than the 15th of each month in both PDF/Excel downloadable format. The annual Weighted Days Report will be available in mid-August. Effective August 1, 2015, these reports will no longer be mailed.

The NCIS system **includes the following:**

- On-demand access to the monthly Care Level Report and annual Weighted Days Report
- Bed hold viewing/entry
- Review of validation edits preventing MDS assessments from processing in the Nebraska Casemix system
- Send/receive comments regarding Care Level/Weighted Day Report and bed holds

Bed hold entry via the NCIS system will become the responsibility of Nursing Facility staff effective August 1, 2015. The Department will no longer accept paper bed hold entry requests.

To enroll for access and receive instructions regarding use of the NCIS system visit the website at: <http://dhhs.ne.gov/medicaid/Pages/NCIS-Web-Access-Process.aspx>.
