## **Culturally Competent Nursing Care: A Cornerstone of Caring**

**Nine FREE CEU's for Nursing staff available online at**  
<https://ccnm.thinkculturalhealth.org>

The Culturally Competent Nursing Modules training program is divided into three modules. Each module provides 3 CEU's. There is no charge to complete the course.

After becoming a registered user, there is no time limit on completing the course; it may be completed at your convenience.

**The 3 modules are titled:**

**Course I:** Delivering Culturally Competent Nursing Care

**Course II:** Using Language Access Services

**Course III:** Supporting and Advocating for Culturally Competent Health Care Organizations

**After completing the Culturally Competent Nursing Modules, nurses should be able to:**

- Define issues related to cultural competency in nursing practice
- Identify strategies to promote self-awareness about attitudes, beliefs, biases and behaviors that may influence the nursing care they provide.
- Devise strategies to enhance skills toward the provision of culturally competent nursing care.
- Demonstrate the advantages of the adoption of the Culturally and Linguistically Appropriate Services (CLAS) standards as appropriate in their nursing practice.
