## **EWM Sponsors Educational Sessions at Family Physicians Conference**

Every Woman Matters (EWM) was very pleased to sponsor two sessions at the NE Academy of Family Physician conference at Nebraska City in November 2008. David Hilger, MD, diagnostic radiologist at Radiologic Center Inc. at Methodist Hospital in Omaha, presented "Breast Imaging Update: Micro-Calcifications to Macro-Screening". Dr. Hilger is also a member of the EWM Medical Advisory Committee.

Alice Henneman, MS, RD, Extension Educator, University of Nebraska-Lincoln Extension, Lancaster County discussed "Mindless Eating: Why We Eat More Than We Think – Countering the Epidemic of Obesity". Both of the speakers were rated as very good by the family physicians.
