

## 2d. WIC Approved Formula Instructor's Guide

---

### Set-up

- Make copies of "WIC Approved Formula Worksheet" for each trainee
- Review answer key

### During the Activity

- Explain that the following exercise will help them learn how to evaluate formula products presented with WIC check
- Hand out worksheet to each trainee
- Read directions and answer questions
- Set time limit and have trainees begin working
- Assist as needed

### After the Activity

- Review correct answers
- Discuss errors made
  - Emphasize requirement to compare items presented to listing of what is authorized on WIC check
  - Review importance of checking package size and how many cans/packs the customer is allotted
  - Have trainees correct errors on worksheet
- Ask for questions about reviewing formula presented in WIC shopping cart
