**71-1,142**

**Terms, defined.**

For purposes of sections 71-1,142 to 71-1,151 and elsewhere in the Uniform Licensing Law, unless the context otherwise requires:

- (1) Practice of pharmacy means
  - (a) the interpretation, evaluation, and implementation of a medical order,
  - (b) the dispensing of drugs and devices,
  - (c) drug product selection,
  - (d) the administration of drugs or devices,
  - (e) drug utilization review,
  - (f) patient counseling,
  - (g) the provision of pharmaceutical care, and
  - (h) the responsibility for compounding and labeling of dispensed or repackaged drugs and devices, proper and safe storage of drugs and devices, and maintenance of proper records. The active practice of pharmacy means the performance of the functions set out in this subdivision by a pharmacist as his or her principal or ordinary occupation;
- (2) Administer means to directly apply a drug or device by injection, inhalation, ingestion, or other means to the body of a patient or research subject;
- (3) Administration means the act of
  - (a) administering,
  - (b) keeping a record of such activity, and
  - (c) observing, monitoring, reporting, and otherwise taking appropriate action regarding desired effect, side effect, interaction, and contraindication associated with administering the drug or device;
- (4) Board means the Board of Pharmacy;
- (5) Caregiver means any person acting as an agent on behalf of a patient or any person aiding and assisting a patient;
- (6) Chart order means an order for a drug or device issued by a practitioner for a patient who is in the hospital where the chart is stored or for a patient receiving detoxification treatment or maintenance treatment pursuant to section 28-412. Chart order does not include a prescription;
- (7) Compounding means preparing, mixing, or assembling a drug or device
  - (a) as the result of a practitioner's medical order or initiative occurring in the course of practice based upon the relationship between the practitioner, patient, and pharmacist or
  - (b) for the purpose of, or incident to, research, teaching, or chemical analysis and not for sale or dispensing.Compounding includes preparing drugs or devices in anticipation of medical orders based upon routine, regularly observed prescribing patterns;
- (8) Delegated dispensing means the practice of pharmacy by which one or more pharmacists have jointly agreed, on a voluntary basis, to work in conjunction with one or more

persons pursuant to sections 71-1,147.42 to 71-1,147.64 under a protocol which provides that such person may perform certain dispensing functions authorized by the pharmacist or pharmacists under certain specified conditions and limitations;

(9) Deliver or delivery means to actually, constructively, or attempt to transfer a drug or device from one person to another, whether or not for consideration;

(10) Department means the Department of Health and Human Services Regulation and Licensure;

(11) Device means an instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent, or other similar or related article, including any component, part, or accessory, which is prescribed by a practitioner and dispensed by a pharmacist or other person authorized by law to do so;

(12) Dialysis drug or device distributor means a manufacturer or wholesaler who provides dialysis drugs, solutions, supplies, or devices, to persons with chronic kidney failure for self-administration at the person's home or specified address, pursuant to a prescription;

(13) Dialysis drug or device distributor worker means a person working for a dialysis drug or device distributor with a delegated dispensing permit who has completed the approved training and has demonstrated proficiency to perform the task or tasks of assembling, labeling, or delivering drugs or devices pursuant to a prescription;

(14) Dispense or dispensing means interpreting, evaluating, and implementing a medical order, including preparing and delivering a drug or device to a patient or caregiver in a suitable container appropriately labeled for subsequent administration to, or use by, a patient. Dispensing includes

- (a) dispensing incident to practice,
- (b) dispensing pursuant to a delegated dispensing permit,
- (c) dispensing pursuant to a medical order, and
- (d) any transfer of a prescription drug or device to a patient or caregiver other than by administering;

(15) Distribute means to deliver a drug or device, other than by administering or dispensing;

(16) Facility means a health care facility as defined in section 71-413;

(17) Hospital has the same meaning as in section 71-419;

(18) Person means an individual, corporation, partnership, limited liability company, association, or other legal entity;

(19) Labeling means the process of preparing and affixing a label to any drug container or device container, exclusive of the labeling by a manufacturer, packer, or distributor of a nonprescription drug or commercially packaged legend drug or device. Any such label shall include all information required by federal and state law or regulation;

(20) Medical order means a prescription, a chart order, or an order for pharmaceutical care issued by a practitioner;

(21) Pharmaceutical care means the provision of drug therapy for the purpose of achieving therapeutic outcomes that improve a patient's quality of life. Such outcomes include

- (a) the cure of disease,
- (b) the elimination or reduction of a patient's symptomatology,
- (c) the arrest or slowing of a disease process, or
- (d) the prevention of a disease or symptomatology.

Pharmaceutical care includes the process through which the pharmacist works in concert with the patient and his or her caregiver, physician, or other professionals in designing, implementing, and monitoring a therapeutic plan that will produce specific therapeutic outcomes for the patient;

(22) Pharmacist means any person who is licensed by the State of Nebraska to practice pharmacy;

(23) Pharmacy has the same meaning as in section 71-425;

(24) Drugs, medicines, and medicinal substances means

- (a) articles recognized in the official United States Pharmacopoeia, the Homeopathic Pharmacopoeia of the United States, the official National Formulary, or any supplement to any of them,
- (b) articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of diseases in humans or animals,
- (c) articles, except food, intended to affect the structure or any function of the body of a human or an animal,
- (d) articles intended for use as a component of any articles specified in subdivision (a), (b), or (c) of this subdivision, except any device or its components, parts, or accessories, and
- (e) prescription drugs or devices as defined in subdivision (31) of this section;

(25) Patient counseling means the verbal communication by a pharmacist, pharmacist intern, or practitioner, in a manner reflecting dignity and the right of the patient to a reasonable degree of privacy, of information to the patient or caregiver in order to improve therapeutic outcomes by maximizing proper use of prescription drugs and devices and also includes the duties set out in section 71-1,147.35;

(26) Pharmacist in charge means a pharmacist who is designated on a pharmacy license or designated by a hospital as being responsible for the practice of pharmacy in the pharmacy for which a pharmacy license is issued and who works within the physical confines of such pharmacy for a majority of the hours per week that the pharmacy is open for business averaged over a twelve-month period or thirty hours per week, whichever is less;

(27) Pharmacist intern means

- (a) a student currently enrolled in an accredited college or school of pharmacy or
- (b) a graduate of an accredited college or school of pharmacy serving his or her internship, such internship to expire not later than fifteen months after the date of graduation or at the time of professional licensure, whichever comes first. Such pharmacist intern may compound and dispense drugs or devices and fill prescriptions only in the presence of and under the immediate personal supervision of a licensed pharmacist. Such licensed pharmacist shall either be
  - (i) the person to whom the pharmacy license is issued or a person in the actual employ of the pharmacy licensee or
  - (ii) the delegating pharmacist designated in a delegated dispensing agreement by a hospital with a delegated dispensing permit;

(28) Pharmacy technician means an individual at least eighteen years of age who is a high school graduate or officially recognized by the State Department of Education as possessing

the equivalent degree of education, who has never been convicted of any drug-related misdemeanor or felony, and who, under the written control procedures and guidelines of an employing pharmacy, may perform those functions which do not require professional judgment and which are subject to verification to assist a pharmacist in the practice of pharmacy;

(29) Practitioner means an advanced practice registered nurse, certified registered nurse anesthetist, certified nurse midwife, dentist, optometrist, physician assistant, physician, podiatrist, or veterinarian;

(30) Prescribe means to issue a medical order;

(31) Prescription drug or device or legend drug or device means

(a) a drug or device which is required under federal law to be labeled with one of the following statements prior to being dispensed or delivered:

(i) Caution: Federal law prohibits dispensing without prescription;

(ii) Caution: Federal law restricts this drug to use by or on the order of a licensed veterinarian; or

(iii) "Rx Only" or

(b) a drug or device which is required by any applicable federal or state law to be dispensed pursuant only to a prescription or chart order or which is restricted to use by practitioners only;

(32) Prescription means an order for a drug or device issued by a practitioner for a specific patient, for emergency use, or for use in immunizations. Prescription does not include a chart order;

(33) Nonprescription drugs means nonnarcotic medicines or drugs which may be sold without a medical order and which are prepackaged for use by the consumer and labeled in accordance with the requirements of the laws and regulations of this state and the federal government;

(34) Public health clinic worker means a person in a public health clinic with a delegated dispensing permit who has completed the approved training and has demonstrated proficiency to perform the task of dispensing authorized refills of oral contraceptives pursuant to a written prescription;

(35) Public health clinic means the department, any county, city-county, or multicounty health department, or any private not-for-profit family planning clinic licensed as a health clinic as defined in section 71-416;

(36) Signature means the name, word, or mark of a person written in his or her own hand with the intent to authenticate a writing or other form of communication or a digital signature which complies with section 86-1701;

(37) Supervision means the immediate personal guidance and direction by the licensed pharmacist on duty in the facility of the performance by a pharmacy technician of authorized activities or functions subject to verification by such pharmacist, except that when a pharmacy technician performs authorized activities or functions to assist a pharmacist on duty in the facility when the prescribed drugs or devices will be administered by a licensed staff member or consultant or by a licensed physician assistant to persons who are patients or residents of a facility, the activities or functions of such pharmacy technician shall only be subject to verification by a pharmacist on duty in the facility;

(38) Verification means the confirmation by a supervising pharmacist of the accuracy and completeness of the acts, tasks, or functions undertaken by a pharmacy technician to assist the pharmacist in the practice of pharmacy;

(39) Written control procedures and guidelines means the document prepared and signed by the pharmacist in charge and approved by the board which specifies the manner in which basic levels of competency of pharmacy technicians employed by the pharmacy are determined, the manner in which supervision is provided, the manner in which the functions of pharmacy technicians are verified, the maximum ratio of pharmacy technicians to one pharmacist used in the pharmacy, and guidelines governing the use of pharmacy technicians and the functions which they may perform; and

(40) Medical gas distributor means a person who dispenses medical gases to a patient or ultimate user but does not include a person who manufactures medical gases or a person who distributes, transfers, delivers, dispenses, or sells medical gases to a person other than a patient or ultimate user.
