Current through Second Regular Session of the 98<sup>th</sup> Legislature (2004)

### § 71-7103. Legislative findings.

The Legislature finds that emergency service personnel are potentially placed in a high-risk situation every time they are called upon to respond to an emergency since the extent of the emergency cannot be anticipated and the eventual outcome cannot be predicted. Since the services of emergency service personnel affect the public health, safety, and welfare, the

Legislature declares that a critical incident stress management program designed to reduce critical incident stress experienced by such personnel would be in the public interest and would assist such personnel with the demands which occur in their work.

**§ 71-7104. Critical Incident Stress Management Program; created; duties.**

There is hereby created the Critical Incident Stress Management Program. The focus of the program shall be to minimize the harmful effects of critical incident stress for emergency service personnel, with a high priority on confidentiality and respect for the individuals involved. The program shall:

- (1) Provide a stress management session to emergency service personnel who appropriately request such assistance in an effort to address critical incident stress;
- (2) Assist in providing the emotional and educational support necessary to ensure optimal functioning of emergency service personnel;
- (3) Conduct preincident educational programs to acquaint emergency service personnel with stress management techniques;
- (4) Promote interagency cooperation; and
- (5) Provide an organized statewide response to the emotional needs of emergency service personnel impacted by critical incidents.
