100% Online EMS Instructor Refresher Course

Open Enrollment, Complete CE Hours Anytime!

This online non-credit course is intended to provide continuing education to practicing EMS instructors and especially those interested in obtaining continuing education hours to maintain their professional licenses. Participants will have the opportunity to obtain all required continuing education credits in this course and will receive a certificate for the number of hours that they complete in the course.

Topics of instruction will include adult teaching methods, rules and regulations, evaluation methods, teaching EMS ethics, and current topics in EMS education. Students will receive technical guidance in how to prepare and deliver instruction through distance education media and will have a chance to participate in online instructional laboratories. Online interaction with fellow participants and the lead instructor is an invaluable feature of the Course.

\$50 one-time enrollment fee & \$25 per each CE hour
