

## The Squares Game

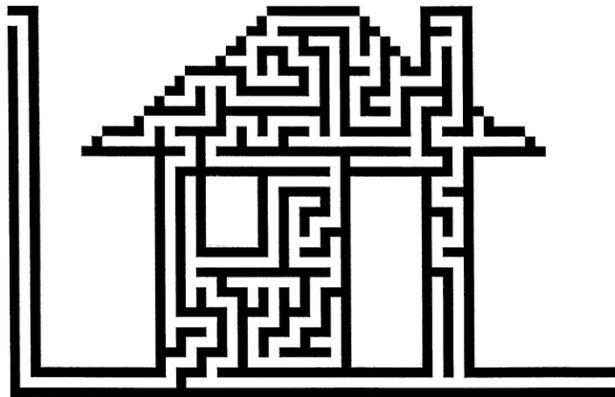

Take turns connecting the dots on the grid below. If you enclose a square, then put your initial in the square and give yourself a point. If you enclose a happy square then you get three points, but if you enclose a sad square, you lose three points. The player with the most points when the grid is filled in, wins!

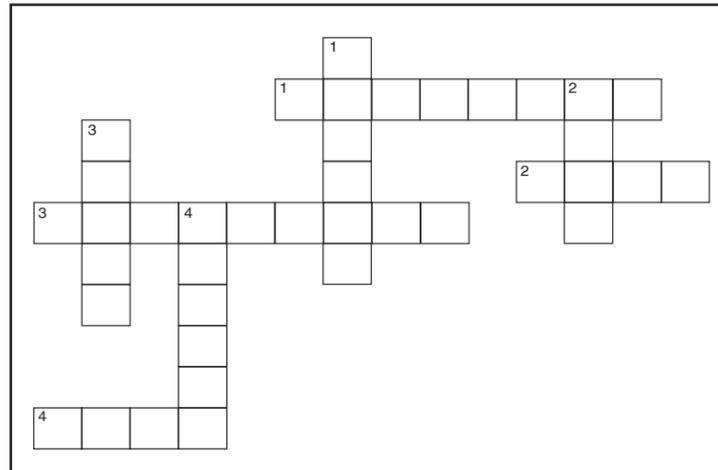

## Develop a Fire Escape Plan

If you do not have a fire escape plan for your house, then you need to develop one. You should also establish a place that is a safe distance away from your house for everyone to meet if there was a fire.

Can you get from one side of this house to the other side?
