TESH is a project of the School and Child Health Program in the Division of Public Health in the NE Department of Health and Human Services

*(www.dhhs.ne.gov/schoolhealth/TESH.htm) in partnership with the Nebraska Statewide Telehealth Network (www.netelehealth.net). **Goals of TESH are to:***

- 1. Offer high-quality, highly relevant continuing nursing education in child and school health topics using telecommunications technology;*
- 2. Contribute to the development of collaborative relationships between local schools and local public health; and*
- 3. Identify and develop effective applications of telecommunications technology in school and community health settings to benefit children and families.*

For more information about TESH or to register for a session, contact Kathy Karsting at kathy.karsting@dhhs.ne.gov. TESH sessions are available at Nebraska's local health departments. Where no health department location is available, local hospitals may participate. For up to date information about TESH locations, see www.dhhs.ne.gov/schoolhealthTESH.htm.
