

Procedure: Proof of Pregnancy

Volume: Nutrition Services/Breastfeeding

Section: Certification

Approval Date: 11.2012

Citation: USDA Guidance MPSH-1: WC-90-45-P

Revised Date:

Purpose

Determining categorical eligibility of pregnant women.

No Proof

No proof of pregnancy is required.

Certification for program benefits may be based on applicants self-report of pregnancy.

Special Situations

If a specific situation arises where status of pregnancy is questionable, CPA may require physician documentation of pregnancy.

If a woman finds out she was not pregnant, she must be terminated from the program upon 15 days written notification. See Volume I for more information.
