

**Nebraska Title X RFA Questions/Answers
As of April 15, 2015**

Q1. If we are proposing to serve counties in multiple regions can we submit one competitive applications and list all of the counties to be served?

A1. *The regions were identified in the RFA to ensure that the entire State of Nebraska is covered by Title X Outreach and Service availability. All sub-recipients can possibly serve clients from any one of the 93 counties in Nebraska.*

Only one competitive application is required from an applicant.

If awarded sub-recipients will be assigned a group of counties/areas that they are to target with outreach and service delivery.

You can propose areas to target but if awarded you will be given/assigned an area to focus your outreach and service delivery efforts to ensure the statewide coverage.

Q2. Are the necessary forms available electronically for us to complete?

A2. *The budget template has been loaded under RFA Forms for your use. All other forms can be printed and completed/signed as required.*

Q3. Refers to a work plan template in the appendix. I don't find the template. On (what) page of the RFA does it appear?

A3. *The work plan template was inadvertently not included in the appendix. A sample work plan has been loaded under RFA Forms..*
