Coordinated School Health Programs: Focus on Adolescent Health
Presenters: Linda Henningsen and Kathy Karsting, RN, MPH

1. Describe the components of the coordinated school health program model, and discuss the underlying assumptions and evidence base regarding the link between health and learning.
2. Describe the health priorities of the adolescent population.
3. Apply the Coordinated School Health Program model to adolescent health promotion.
4. Discuss the development of risk behaviors and protective factors.
5. Identify resources to promote healthy behaviors in youth and other adolescent health resources.

This session has been approved for 1.0 peer reviewed nursing continuing education contact hours by the Nebraska Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

SESSION 6: Tuesday, April 14, 2009 3:30 - 5:00 pm central
Medical Translation and Interpretation in Nebraska
Presenter: Sharon Baker, RN, MSN.

1. Recognize the need for interpretation services in the context of both legal and ethical obligation to providing quality care.
2. Examine the role of the interpreter and the health care worker in a language service encounter and how to appraise the level of interpretation services in your care setting.

This session has been approved for 1.0 peer reviewed nursing continuing education contact hours by the Nebraska Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

*TESH is a project of the School and Child Health Program in the Division of Public Health in the NE Department of Health and Human Services (www.dhhs.ne.gov/schoolhealth) in partnership with the Nebraska Statewide Telehealth Network (www.netelehealth.net). **Goals of TESH are:***

1. *to offer high-quality, highly relevant continuing nursing education in child and school health topics using telecommunications technology;*
2. *to contribute to the development of collaborative relationships between local schools and local public health; and*
3. *to identify and develop effective applications of telecommunications technology in school and community health settings to benefit children and families.*

For more information about TESH or to register for a session, contact Kathy Karsting at kathy.karsting@dhhs.ne.gov. TESH sessions are available at Nebraska's local health departments. Where no health department location is available, local hospitals may participate. For up to date information about TESH locations, see www.dhhs.ne.gov/schoolhealth. Updated 3/04/2009
