

PUBLIC COMMENT FOR THE NEBRASKA WIC STATE PLAN

The Department of Health & Human Services annually prepares a State Plan for operation of the Special Supplemental Nutrition Program for Women, Infants and Children (WIC). The Department is currently in the process of developing this plan for the period October 1, 2018 through September 30, 2019 and the public is encouraged to provide input. Program areas that will be revised in this plan include vendor management; nutrition services; management information systems; organization and management; nutrition services and administration; food funds management; caseload management; certification, eligibility and coordination of services; food delivery; and civil rights. The current state plan may be found under:
