Date: December 20, 2016

To: Vaccines for Children Providers

From: Nebraska Vaccines for Children Program

The Nebraska Vaccines for Children Program has been notified that effective today, all ordering restrictions for Pentacel vaccine have been lifted.

It remains your clinic's responsibility to use your existing supplies of DTaP, polio and Hib. Orders of Pentacel may be modified if your clinic has a moderate amount of single antigens remaining in inventory.

If you have questions, please call the Nebraska Immunization Program at 402-471-6423 or 800-798-1696.
