

## Public Input on the 2014 State Plan

### Webinars

The link to each webinar is <https://connect.unl.edu/mch/>. Enter as a guest if you do not have an existing account.

A presentation of Title V/MCH Block Grant will start each of four webinars. Get more information and ask questions during each two-hour event.

#### Voice your ideas, comments and concerns.

After the brief presentation, each webinar will focus a discussion on different population(s). We invite you to provide your input about that particular subpopulation, as indicated in the announcement. This exchange of information and ideas helps guide the annual plan.

#### A Note to Family Members

If you need help to access the webinar or to send your written comments, you may want to ask employees at your health facility if they can assist you. If you need more information, or just want to learn more about the Title V/Maternal and Child Health Block Grant, we hope you will contact us.

#### A Note to Providers, Organizations, and Agencies

We appreciate your help in providing access to the webinar and gathering comments from people and families in your community. Here is how you can help:

- Ask your organization's consumer advisory board to submit comments directly to us.
- Actively involve your clients and patients in developing your organization's comments.
  - Share this information with your clients and patients, and others in your community.
  - Offer internet access to the webinars for persons needing or wanting to gather at your facility.
  - Help people and families prepare and submit their written comments.

*Thank you for your interest, your time, and your input.*
