"Alone we can do  
so little; together  
we can do so  
much."

Helen Keller

Preventive Health ROOM:	Refugee/Immigrant Data ROOM:	Social Determinants of Health ROOM:	Organizational Capacity ROOM:	Cultural Intelligence ROOM:
<p><i>Kay Glidden and Beth Reynolds Lewis, Compassion Resiliency</i>  <b>Emotional Trauma &amp; Recovery</b>            Unaddressed trauma can result in mental health problems or addictions, and cause an increased risk of health issues and suicide. This session will define trauma and its effects on children and adults, review the Adverse Childhood Experiences Study, discuss interventions and recovery, and provide resources..</p>	<p><i>Irma Chavez, Maria Reyes, &amp; Nicole Thorell, Lexington Regional Health Center</i>  <b>Improving Diabetes Outcomes in the Hispanic Population</b>            Interventions, successes, failures and lessons learned from working with the Hispanic diabetic population. Real life stories will be shared from the front line staff.</p>	<p><i>Kaley Bartucci, Omaha Tribe, &amp; Sudah Shahab, Consultant Endocrinologist</i>  <b>Addressing a Food Desert to Prevent Diabetes Complications</b>            This session will be discuss the State Partnership Initiative and how we used our grant funding to uncover a barrier our community is facing and the steps taken to try to overcome them.</p>	<p><i>Elizabeth Dee, Public Health Associate, and Greg Donovan, Indian Center</i>  <b>2017-2021 SHIP Health Equity Priority.</b> SHIP is a collaborative, community driven project with a Health Equity Priority that supports organizational capacity by equity in systems, policy, and data informed programs that are culturally competent. An overview of SHIP the two Health Equity Priority action plans is included.</p>	<p><i>Diane Lowe &amp; Maria Hines— NDHHS Health Disparities &amp; Health Equity</i>  <b>Session 1. Perspective and American Culture.</b> No two people interact with the world in the same way. Join us for a discussion of perspective – yours, mine, and ours – as a foundational piece for further discussions to follow.</p>
<p><i>Camilla Bajaras, Angel DeCorra, &amp; Austin Schanzenbach— Winnebago Tribe</i></p>	<p><i>Megan Kelley, UNL and Sharon Baker, UNMC</i>  <b>Better Together: Learning about immigrant and refugee community health needs</b>            University, organizational, and community stakeholders convened to identify key areas to improve community health for Nebraska immigrants and refugees. The results of their meeting will be shared along discussing paths to move forward on key themes.</p>	<p><i>Marshall Jeffries and Esther Lucero, Seattle Indian Health Board</i>  <b>Balance through Health Equity: an exercise by the Seattle Indian Health Board.</b> A group activity.</p>	<p><i>Sandra Gonzales— DHHS &amp; UNL</i>  <b>Use of Near-Real-Time Electronic Health Record Data to Inform Surveillance of Health Disparities in Nebraska</b>            This presentation introduces syndromic surveillance systems and its utility to public health surveillance. It will also describe how near-real-time electronic health record data can be used to support the surveillance of health disparities</p>	<p><i>Diane Lowe &amp; Maria Hines— NDHHS Health Disparities &amp; Health Equity</i>  <b>Session 2. Classifications: The Good, the Bad, and Otherwise.</b>            How do we count people, and why? Once they've been counted, what labels do we apply, and why? This discussion will explore demographics – the counting and labeling; and stereotypes – the effects of labeling.</p>
<p><i>Jenn Rutt, UNL SBSRC, and Nikki Roseberry-Keiser, DHHS</i>  <b>Incorporating CLAS standards into community-based programming.</b> Impacting disparate populations by preventing substance abuse and promoting mental health. Equal versus equitable approaches to prevention will be discussed along with integrating CLAS standards and the Strategic Prevention Framework.</p>	<p><i>Anthony Zhang, DHHS and Pa Naw Dee, Karen Society of Nebraska</i>  <b>Nebraska Statewide Refugee Needs Assessment</b>            The 2017 BRFSF refugee needs assessment design, challenges, successes, implementation and next steps. The survey experiences by one of the largest refugee populations in Nebraska will be shared along with future partnership opportunities.</p>	<p><i>Bryan Seck—Prosper Lincoln</i>  <b>Poverty, Health &amp; Resources</b>            myLNK is a free app about Lincoln community resources - health, food, all assistance agencies and programs. We will explore methods to secure local data about health, resources in any community, and plans to take the app statewide. The Prosper Lincoln initiative helps people go from part-time jobs to full-time careers and build financial and physical health.</p>	<p><i>Jerry Foster, NDHHS &amp; Charlie Foster, UNL</i>  <b>What is Privilege and Inclusion?</b> The session will look at differences between tolerance and affirmation, identify, activities, diversity, race and ethnicity, class and historical disadvantage.</p>	<p><i>Diane Lowe &amp; Maria Hines— NDHHS Health Disparities &amp; Health Equity</i>  <b>Session 3. Aspects of Culture: Communication and Time.</b>            There are many aspects of culture, and combinations, and contradictions, and confusion, and... In this discussion, we will take on two of the covert – and enlightening – aspects of culture, their roots, norms, and outcomes.</p>

Session 1 – 10:00-11:00

Session 2 – 11:15-12:15

Session 3 – 2:10-3:10
