

2017 Nebraska Minority Health Awards

OUTSTANDING MINORITY HEALTH Community-Based Program

This award recognizes a community-based program which promotes the development of or provides more effective community oriented minority health care services. Factors taken into consideration include effective networking; promoting compassionate and caring outreach to the racial/ethnic minority community on a continuing basis; community involvement leading to improved access to care and enhancement of quality of life; providing role models to the racial/ethnic minority community members, colleagues, and other health professionals; promoting health education and prevention, particularly in communities of color; and addresses cultural and linguistic needs.
